## R9 Software Update Implementation

### I. GENERAL SOFTWARE UPDATE INFORMATION

To determine if your organization has been affected by the phase II implementation on October 15, 2010, login to DTS and look for the banner in the upper left-hand corner of the screen. If the banner displays "Defense Travel System P2J Release 9 – DTS," this software update has been implemented across your organization. If you do not see those words at the top of the screen, this functionality will be implemented across your organization on October 19, 2010.
