As the single focal point for commercial travel within the Department of Defense, Defense Travel Management Office (DTMO) serves as the DoD focal point to the travel industry for the GSA City Pair Program and provides oversight for Other than Economy-/Coach-Class Transportation and unused tickets.

**CITY PAIR PROGRAM**

DoD employees on official travel are required (with few exceptions) to use the GSA Airline City Pair Program. The City Pair Program offers government travelers benefits of service and maximum flexibility in planning official travel. Benefits include:

- Fares priced on one-way routes permitting agencies to plan multiple destinations
- No advance purchase required
- No minimum or maximum length stay required
- Fully refundable tickets
- Last seat availability
- No blackout periods
- Stable prices enabling travel budgeting
- Dual fares availability

For more information link to GSA at: http://www.gsa.gov/portal/content/104512

**POLICY**

DoD policy states that “Contract city pair airfares (and other airfares limited to official Gov't business) provide savings to the GOVT.” However, there are circumstances when restricted airfare available to the general public should be authorized when the cost savings outweighs any risk of the trip cancellation or itinerary changes” (see the Joint Travel Regulations (JTR) para. U3500). JTR Appendix H provides a decision support tool to assist Authorizing Officials with determining the feasibility and approving the use of restricted fares.

DoD policy requires coach (economy) class travel accommodations be used when performing official government travel. Official travel using Other Than Economy-/Coach-Class Transportation (i.e., premium class travel business) is granted only by exception and must be authorized in advance of actual travel. For more information about its use, visit the Joint Travel Regulations (JTR), Appendix H.

**UNUSED TICKETS**

It is essential that every traveler who cancels a trip after his/her airline ticket has been issued, notify their Commercial Travel Office/Transportation Office. If a trip is cancelled before travel begins and the authorization has been approved/ticketed, you may cancel the authorization using the “trip cancel” feature in DTS.
