

## CHAPTER 2: TEMPORARY DUTY (TDY) AUTHORIZATIONS

A temporary duty (TDY) authorization using the Defense Travel System (DTS) begins by using information stored in the system. Such information includes a traveler's personal profile, an organization's budget, and Department of Defense (DoD) travel regulations.

**Note:** The Secretary of Defense memorandum, "Track Four Initiative Decisions" dated 14 March 2011 mandates that all DoD travel requests must include the statement "Alternate means such as, Secure Video Teleconference (SVTC) or other web based communications, are not sufficiently able to accomplish travel objectives."

An authorization also captures information regarding the \*traveler, TDY locations, should-cost estimates, and other financial aspects of the trip on one document. This includes any travel-related expenses that are incurred prior to the first day of travel. This streamlines the travel, approval, and reimbursement processes.

\*Travelers in this chapter are referenced as "you".

This chapter covers the following topics:

## 2.1 Log In to DTS

The first step in creating an authorization in DTS is to access the DTS Home page at [www.defensetravel.osd.mil](http://www.defensetravel.osd.mil).

1. Select the green **Login to DTS** button located near the center of the DTS home page.

The DoD Privacy and Ethics Policy statement displays.

2. Read the policy and select **Accept**.

The Digital Signature Login window appears.

3. Enter you CAC PIN in the **PIN** field.
4. Select **OK**.

The User Welcome screen opens (Figure 2-1).

### 2.3 Create an Authorization

You can view and edit your own documents and personal information. If you have group access, you may view and edit other people's documents and information as well.

Follow the below steps to create a new authorization:

1. On the User Welcome screen, mouse over **Official Travel** on the menu bar.
2. Select **Authorizations/Orders** from the drop-down list.

The Authorizations/Orders screen opens (Figure 2-2). It displays a list of existing authorizations. The Authorizations/Orders screen is described in Section 2.4 in the paragraphs below Figure 2-8.

3. Select **Create a New Authorization/Order**.

The first four columns on the **Authorizations/Orders** screen allow you to sort documents by:

- Document Name
- Document Date
- Status
- TA Number

You can perform certain actions for a document:

**View/Edit.** You can change information in a document. This link displays as **view/edit** after you sign the document. This link will display as view once the document has been **APPROVED**.

**Print.** If you want to print a copy of your itinerary, including per diem rates and allowances. You will also see the should-cost estimates for your trip.

**Remove/Trip Cancel.** You will only see the **remove** link when a document is in a **CREATED** status. If you wish to remove a document before signing the document, select **remove**. You will see **trip cancel**, after signing the document.

**Amend.** Make changes to your document after it has been stamped **APPROVED**.

## Chapter 2: Temporary Duty (TDY) Authorizations

The Trip Overview screen opens (Figure 2-3). This screen is the starting point for creating an authorization. See Section 2.5 for instructions on completing the Trip Overview screen.

### Trip Overview

Booking Travel using the Defense Travel System requires that you first provide information about your starting and ending locations (usually your home or duty station) and your TDY Locations for per diem purposes. You will be able to request bookings for transportation (e.g., air, car, rail) and lodging after these initial steps are complete.

Please Note: A Red Star ( \* ) indicates a field is required.

### 2.3.1 Validate a Profile

If this is the first time that you are creating a document, the Profile Validation screen opens (Figure 2-4). A pop-up window appears notifying you that you must review and confirm your profile information before can create the document.

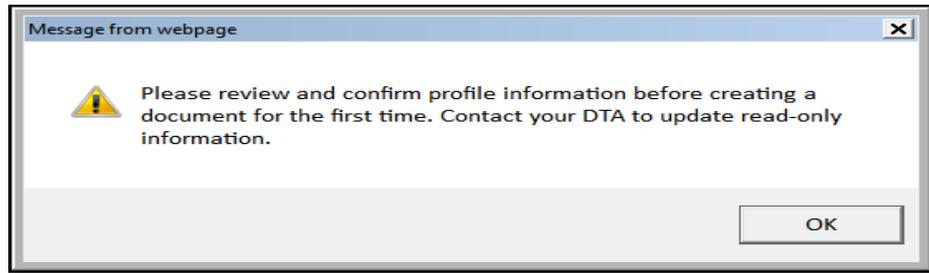

Figure 2-4: Profile Validation Screen

Follow the below steps to validate your profile:

1. Select **OK**.
2. Confirm or update the profile information and complete the required fields (marked with asterisks).
3. Select **Update Personal Information**.

A pop-up window displays the following message: *Profile Information is being updated. Contact your DTA to update read-only information.*

4. Select **OK**.

The Trip Overview screen opens (Figure 2-3). See Section 2.5 for instructions on completing the Trip Overview screen.

### 2.3.2 Create an Authorization From a Trip Template

DTS allows you to use the data from an existing authorization as a template to create a new authorization. This is helpful if you frequently travel to the same destination.

Beginning on the Authorizations/Orders screen (Figure 2-2), follow the below steps to create a new authorization from an existing one.

1. Select **Create Trip Template**.

## Chapter 2: Temporary Duty (TDY) Authorizations

The Trip Template List screen opens and lists authorizations that you may select to copy as a template (Figure 2-5).

| Sort by Document Name   | Sorted by Departure Date | Trip Type          | Trip Purpose        | Create New Trip |

2. Complete the **New Trip Start Date** field with the beginning date for the new authorization.  
-OR-  
Select the **calendar** icon and choose the desired date.
3. Select **Copy Template** next to the authorization that needs to be copied.

The Preview Trip screen opens (Figure 2-6). This screen is the first screen in the Review/Sign process, the final steps in creating an authorization. DTS copied all data from the template authorization into the new authorization. The dates of the expenses are based on the new trip start date.

## Chapter 2: Temporary Duty (TDY) Authorizations

**Note:** After creating the authorization from the trip template, DTS locks the document to prevent others from making changes to it simultaneously. The authorization will remain locked until you logout, leave/exit the document, allow the session to time out, or are inactive for 30 minutes. Scroll down the screen and review the data.

4. (Optional) Select **Edit** to the left of any information that needs to be changed.

If there is an expense on the template that does not apply to the new trip, you will select **Edit** to open the **Edit Expenses** screen, and change/delete the expense.

Complete the authorization as you would any other travel authorization.

### 2.4 Create an Authorization for Another Traveler

If you have group access, you can create authorizations for other travelers in DTS and, with the appropriate approval, for dependents.

#### 2.4.1 Create an Authorization for a Military Member or a DoD Employee

Follow the below steps to create an authorization for a military member or a DoD civilian employee:

1. Mouse over **Official Travel - Others** on the menu bar (Figure 2-1).
2. Select **Traveler Lookup** from the drop-down list.

The Traveler Lookup screen opens (Figure 2-7).

### 2.4.2 Create an Authorization for a Dependent

To create an authorization for a dependent, you must have group access and prior approval. A military member or DoD civilian who has one or more dependents is referred to as the *sponsor*. There are two standard trip types that you may select for a dependent, as there are different rules for reimbursement. Selecting either trip type triggers an Other Authorization during the Review/Sign process. DTS automatically completes the remarks field. The two standard trip types are:

- **E1- ITA FAMILY TRANS ONLY.** The sponsor will receive reimbursement only for the transportation expenses for this type of authorization.
- **E2 - ITA FAMILY FULL REIMB.** The sponsor will receive reimbursement for transportation and eligible travel expenses for this type of authorization.

## Chapter 2: Temporary Duty (TDY) Authorizations

Some Special Circumstances Travel (SCT) trip types allow dependent travel. See Chapter 11 for guidance on those trip types.

**Note:** You must create a separate authorization for each dependent. To create an authorization for a dependent of a military member or DoD civilian, first follow steps 1 through 4 in Section 2.4.1, and then, follow the process shown below.

1. Select **Create New Authorization/Order**.

The Trip Overview screen opens (Figure 2-3). For a complete description of the Trip Overview screen, see Section 2.5.

2. Complete the **Starting Point** field by selecting **RESIDENCE** or **DUTY STATION** from the list in the Starting Locations in Profile box.
3. Complete the **Departing On** field. Use the pop-up calendar if necessary.
4. Select the **Trip Type** drop-down list arrow, to choose the appropriate trip type.(Figure 2-9).

The screenshot shows the "Defense Travel System" interface with the "Trip Overview" section. A yellow banner at the top provides instructions on booking travel. Below it, a note states: "Please Note: A Red Star ( \* ) indicates a field is required." Section A, "I am leaving from", includes a "Starting Point" field with "RES: Warrenton" and a "VA" dropdown, a "Departing On" field with "09/14/2015", and a "Trip Type" dropdown menu. The "Trip Type" dropdown is open, showing options: "Select", "AA-ROUTINE TDY/TAD", "AB-OPEN ALLOTMENT", "AX-ARRANGEMENTS ONLY", "B-PERM CHG STA", "C-PERMISSIVE", "D-HOUSE HUNTING", "E-INVITATIONAL", "E1-ITA FAMILY TRANS ONLY", "E2-ITA FAMILY FULL REIMB", and "SPECIAL CIRCUMSTANCES". The "SPECIAL CIRCUMSTANCES" option is highlighted with a red box. To the right, there is a "Starting locations in profile" dropdown with "RESIDENCE" and "DUTY STATION" options, and a "Trip Purpose" dropdown. Section B, "I will be traveling with", includes a "Comm A" dropdown, "Rental Car", "Other", and "Time:" fields.

The screenshot shows the 'Trip Overview' screen. At the top, there is a yellow informational box stating: 'Booking Travel using the Defense Travel System requires that you first provide information about your starting and ending locations (usually your home or duty station) and your TDY Locations for per diem purposes. You will be able to request bookings for transportation (e.g., air, car, rail) and lodging after these initial steps are complete.' Below this is a note: 'Please Note: A Red Star ( \* ) indicates a field is required.' The main section is titled 'A I am leaving from - (Select from list or enter below):' with a location icon. It contains several fields: '\*Starting Point: RES: Quantico \* VA Search' with a blue arrow pointing to a box labeled 'Starting locations in profile: RESIDENCE DUTY STATION'; '\*Departing On: 10/26/2015 (mm/dd/yyyy)'; '\*Trip Type: E1-ITA FAMILY TRANS ONLY'; and '\*Trip Purpose: Select'. Below these is a 'Trip Description' text area. At the bottom, a red-bordered box highlights the 'Dependent Name: Amanda R. West' and 'Birth Date: 06/15/2013' fields.

9. Complete Sections B and C of the Trip Overview screen.
10. Complete the Travel section of the authorization. See Section 2.6.
11. Select the following tabs and complete the associated sections:
  - *Expenses*. See Section 2.7. (Enter transportation expenses only, if the trip type is E1 – ITA FAMILY TRANS ONLY. Enter all expenses for E2 – ITA FAMILY FULL REIMB.) Use Substantiating Records to attach the approval document for this trip type.
  - *Accounting Codes*. See Section 2.8.
  - *Additional Options*. See Section 2.9. **Note:** Scheduled partial payments (SPPs) are not authorized for these trip types.
  - *Review/Sign*. See Section 2.10.

**Note:** The traveler may receive an advance on an authorization that has an **E2 – ITA FAMILY FULL REIMB** trip type.

## 2.5 Prepare an Itinerary

DTS requires the starting and ending points and all TDY locations for the trip, in order to display the correct per diem rates. After you enter the required information, DTS displays the per diem rates and allows you to submit requests for transportation and lodging.

This process begins on the Trip Overview screen (Figure 2-13).

The screen is separated into the following five sections:

A. ***I am leaving from.*** You must provide the trip starting point and date, the trip type, and trip purpose. Optionally, you may enter a brief description of the trip.

B. ***I will be traveling to my TDY location by.*** Identify the mode of transportation for the outbound trip and the preferred departure time.

C. ***My TDY location is.*** Provide the location you will be TDY to (e.g., if the TDY is to a military installation, you should choose the military installation and not the city near the installation). You will enter the date you will arrive at the location and the date of departure.

D. ***At this location I will need.*** If you will need a rental car at your TDY location select **Rental Car**.

E. ***Will You Be Traveling to Another TDY Location?*** If you select *Yes*, tools will allow you to add other TDY locations to the itinerary. If you select *No*, the final itinerary creation screen opens. You can add additional locations at a later time.

### 2.5.1 Trip Overview Initial Screen - Sections A through C

Beginning in *Section A, I am leaving from*, the below steps will help you to complete the fields on the Trip Overview screen:

1. Complete the **Starting Point** field by selecting **RESIDENCE** or **DUTY STATION**.

This selection populates the **Starting Point** field with the information stored in your personal profile. If the starting point is not your residence or duty station, type the city name into the **Starting Point** field and select **Search**. A pop-up window opens to select the **state** or **country code**. The code will populate in the text box next to the city name.

2. Complete the **Departing On** field. Use the calendar icon or type in the date.
3. Select the **Trip Type** drop-down list arrow and select the trip type.

The most common type is AA-Routine TDY/TAD. Other trip types may not allow you to create a voucher. If you select the Special Circumstances trip type, see Chapter 11 for further guidance.

4. Select the **Trip Purpose** drop-down list arrow and select the **value** that best describes the purpose of this trip.

The Trip Purpose selection is used for post-trip data analysis.

5. (Optional) Complete the **Trip Description** field with details about the trip.

In *Section B, I will be traveling to my TDY location by*, select the mode of transportation for this trip. The options are commercial air, rail, rental car, and other transportation. Examples of other transportation include a privately owned vehicle or a bus.

If you want to travel to the TDY location, keep the same car for the entire trip, and drive it back to the ending point location, select **Rental Car** each time it is presented on the Trip Overview screen. Make the selection in Sections B and D, (Figure 2-13), under Trip Overview (Figure 2-28). If you need a different rental car at multiple locations, you must select **Rental Car** for each location.

6. Select the **radio button** for the **transportation mode** that you will travel from the starting location to the TDY location.

## Chapter 2: Temporary Duty (TDY) Authorizations

7. Select the **Time** drop-down list arrow and select the preferred **time** of departure.

In *Section C*, *My TDY location is*, identify one or more locations for this trip.

8. Identify **Location 1** by typing the TDY location, zip code, or country name in the text field. A drop down list of cities or counties will display after you have typed two or more letters. If you type a zip code is type into the field, the name of the city will display.

You may still use the Location Tools box instead of typing in the location. The Location Tools are found on the right side of the screen. See Sections 2.5.1.2 through 2.5.1.5.

9. Complete the **Arriving On** field by using the calendar icon. Normally, this is the date that you arrive at the TDY location.
  10. Complete the **Departing On** field by using the calendar icon. Normally, this is the date that you will leave the TDY location.

### 2.5.1.1 Location

You will type a location name to complete the **Location 1** text field (Figure 2-14):.

Figure 2-14: Search Location Screen

1. Enter all or part of the name in the **Location 1** text field. As you type a list will appear below the text box.
2. Select the correct TDY location. If you are TDY to a military installation, choose the military installation not the city near it.

If you cannot locate your TDY location by typing the name, zip code or county in the **Location 1** text field, you may use the **Location Tools** to find it.

### 2.5.1.2 Location Button

You may search for a location name to complete the **Location 1** field. Follow the below steps to select a location:

1. Select **Location**.

The Search Location screen opens (Figure 2-15).

Section C, *I am returning to* is where the return destination and date is entered.

1. Complete the **Ending Point** field by selecting **RESIDENCE** or **DUTY STATION**.

If the ending point is a location other than the residence or duty station, type the name of the city in the **Ending Point** field and select **Search**. A pop-up window opens so that the **state** or **country code** can be searched and selected. The code will populate in the text box next to the city name.

2. Complete the **Arriving On** field. Use the calendar icon to populate the field.

**Note:** If crossing the International Date Line (IDL) from east to west on the return trip (e.g., leaving Tokyo, Japan on Tuesday and arriving on Monday in San Diego, California), the Departing On date for the last leg of the flight will be *later* than the Arriving On date of the Ending Point. DTS will flag this as an error. Change the Arriving On date to equal the Departing On date, and make a note in the Trip Comments box of the Trip Preview screen to indicate the actual Arriving On date.

**Chapter 2: Temporary Duty (TDY) Authorizations**

3. Select the **Trip Duration** radio button that identifies the length and needs of the trip. DTS defaults to Multi-Day if the trip exceeds one day. You may choose another radio button if necessary.

*Section D, I will be returning from my TDY by* is where you identify the transportation mode for the return trip.

4. Select the **radio button** for the type of transportation that will be used to travel from the TDY location to the return location.
5. Select the **Time** drop-down list arrow and choose the preferred **time** of departure.

*Section E, Check this box if you have other ticketed transportation not listed above* identifies if you purchased another type of tickets outside of DTS, such as a bus or boat ticket. If checked, DTS includes the Other Transportation screen in the flow controller of reservations when creating the authorization.

6. Check the **box** if there will be another type of ticket purchased for this trip.

*Section F, Conference/Event Name* indicates the conference, if any, that you will attend.

7. Select **Not Applicable** if the TDY is not for a conference.  
-OR-  
Select **Search Conference/Event** if the TDY is for a conference.

If the **Search/Conference/Event** button was selected, the **Select Conference /Event Name** pop-up window opens and displays a sortable list of conferences with dates (Figure 2-29).

8. Locate the name of the conference and select the **event ID** or select **Other** if the conference is not on the list.

9. Select **CTO Full Assistance Request** to receive assistance in booking reservations instead of using the DTS Travel section to procure reservations. An additional fee is charged for this option.

If traveling to a foreign location (excluding Non-Foreign Territories), a message containing links displays after selecting Save and Proceed (Figure 2-30). It informs you to consult the Foreign Clearance Guide for country and theatre-specific travel requirements to ensure compliance with the DoD Foreign Clearance Program. Selecting either of the links will open the requested document in a new window.

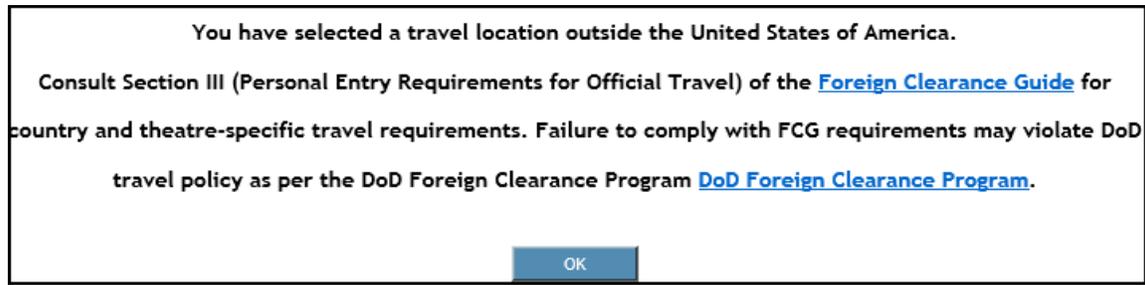

Figure 2-30: Foreign Clearance Guide Message

10. Select **OK** to continue.

If your profile does not have a valid Government Travel Charge Card (GOVCC) number or if the card has expired, a pop-up message will display.

If your profile contains a GOVCC that will expire within 30 days, a pop-up message will display and an email is sent to you and your DTA.

11. Select **Yes** to update the GOVCC account information.
12. Make the necessary update(s).
13. Check the **Save changes to permanent traveler information** box to save changes for use in all future documents. Leave the box unchecked to apply the changes for this document only.
14. Select **Update Personal Information**.

**Note:** A clerk or NDEA cannot enter updated account information in the document and will only have the **Continue** button available.

After completing the Trip Overview screens, DTS saves the information and creates a document name for the trip (Figure 2-31). When the document name is created, the authorization is locked to prevent other users from making changes to the document simultaneously. The document lock is removed

when the user who locked it exits the document using the **RETURN TO LIST** button or **Close Window** link.

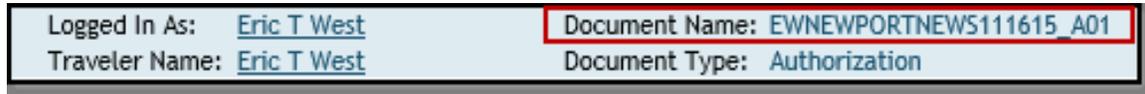

Figure 2-31: Document Name

After exiting the authorization, you may return to the document from the Authorizations/Orders document list screen (Figure 2-2).

### 2.5.4 Trip Overview Screen for Renewal Agreement Travel

DTS allows civilian employees to receive reimbursement for travel expenses while on Renewal Agreement Travel (RAT) between outside continental United States (OCONUS) tours of duty. The employee may receive reimbursement for transportation expenses when accompanying dependents or, with certain restrictions, for unaccompanied dependent travel.

Beginning in Section A of the Trip Overview screen (Figure 2-13), follow the below steps to complete an authorization for RAT:

1. Complete the **Starting Point** field by selecting **RESIDENCE** or **DUTY STATION**.
2. Complete the **Departing On** field. Use the calendar icon to select the **date**.
3. Select the **Trip Type** drop-down list arrow and select **F-6 RENEWAL AGREE LV**.

The Trip Overview screen refreshes. The section names, fields, and functionality differ from those on a standard DTS authorization (Figure 2-32). In Section A, DTS has completed the Trip Purpose and Trip Description fields with uneditable text. The screen identifies the airport(s) associated with the starting point location if this information is available. A box is displayed that may be used to indicate that the authorization is for the civilian employee's dependent. The employee is referred to as the *sponsor* in cases of dependent travel.

**Note:** You must be a DoD civilian employee and your duty station must reflect an overseas location for F-6 RENEWAL AGREE LV to appear as a selectable trip type.

The screenshot shows the 'Trip Overview' initial screen in the Defense Travel System. At the top, it displays the user's name (Molly T. West), document type (Authorization), and screen ID (1151.1). The main heading is 'Defense Travel System' with the tagline 'A New Era of Government Travel'. Below this is a 'Trip Overview' section with a yellow warning box about providing starting and ending locations. A note states that a red star (\*) indicates a required field. The form is divided into seven main sections (A-G):

- A. My starting location is:** Includes fields for Starting Point (RES: Rota), Airport (XRY - Jerez), Departing On (11/23/2015), Trip Type (F6-RENEWAL AGREE LV), Trip Purpose (BETWEEN TOURS TRAVEL), Trip Description (Renewal Agreement Travel), Dependent Travel (checked), Dependent Name (Jerry L. West), and Birth Date (05/15/2005).
- B. I will be traveling to my TDY location by -** (Select from the list below): Radio buttons for Commercial Air (selected), Rail, Rental Car, and Other. Time is set to 08:00 AM.
- C. My designated location is:** Includes Location (QUANTICO MC COMBAT DEV CA), Airport (MNZ - Manassas), Arriving On (11/23/2015), and Departing On (11/30/2015). A 'Location Tools' sidebar offers search options by Location, State/Country, Zip Code, and County.
- D. I am returning to:** (Select from list or enter below): Includes Ending Point (RES: Rota), Airport (XRY - Jerez), Arriving On (12/01/2015), and Trip Duration options (12 Hours or Less, >12 - 24 Hours - With Lodging, >12 - 24 Hours - No Lodging, Multi-Day).
- E. I will be returning from my TDY by -** (Select from the list below): Radio buttons for Commercial Air (selected), Rail, Rental Car, and Other. Time is set to 05:00 AM.
- F. At this location I will need:** Rental Car (checkbox).
- G. Check this box if you have other ticketed transportation not listed above:** (checkbox).

At the bottom, there is a field for 'Conference/Event Name' (Not Applicable), a 'Search Conference/Event' button, and two main buttons: 'CTO Full Assistance Request' and 'Save and Proceed'.

Figure 2-32: Trip Overview Initial Screen – RAT

4. Select the **Airport** drop-down list arrow to select a different airport.
5. Skip to Step 9 if the authorization is for the civilian employee.  
-OR-  
Check the **Dependent Travel** box if the authorization is for the employee's dependent.

## Chapter 2: Temporary Duty (TDY) Authorizations

A message displays with information about reimbursements and the restriction on round-trip travel for the dependent (Figure 2-33). A dependent may only travel round-trip if the *sponsor* is traveling on or has already completed the authorized RAT.

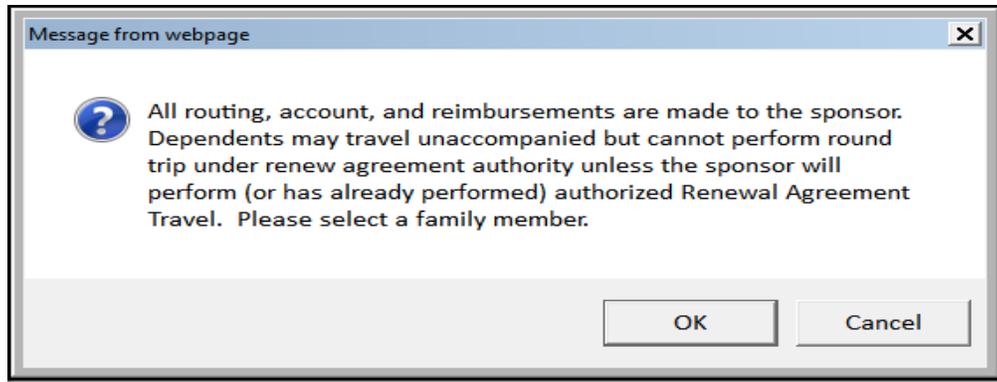

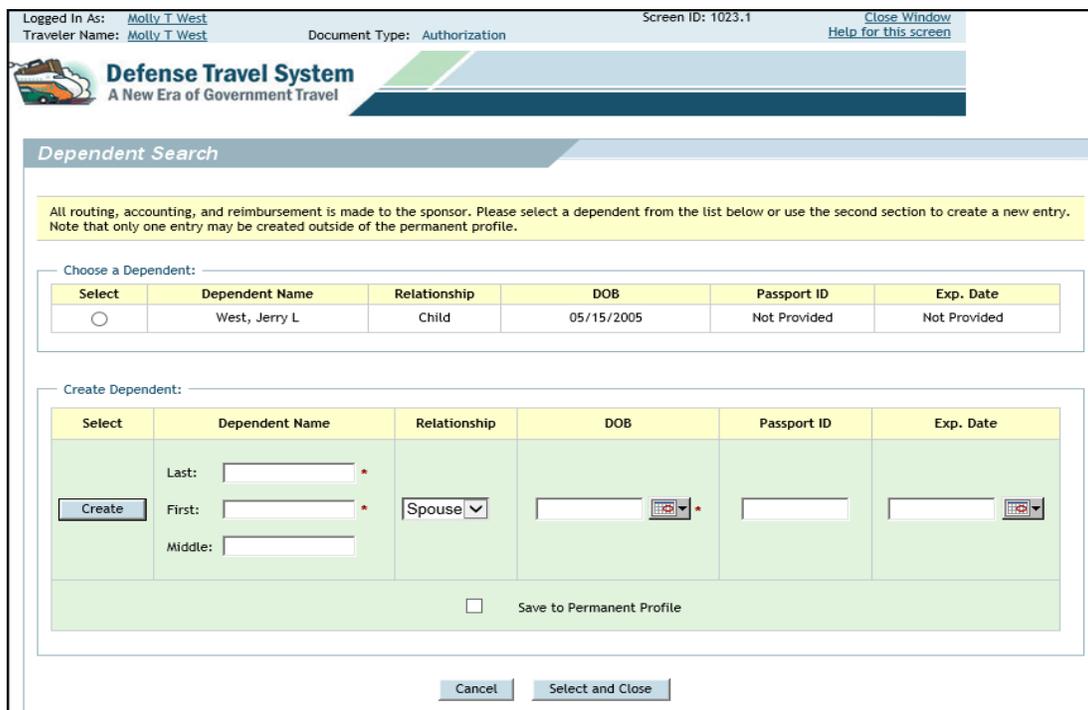

Figure 2-33: Dependent Information Message

6. Select **OK** to continue creating the authorization for a dependent.

The Dependent Search screen opens (Figure 2-34). This screen lists all the dependents in your profile.

The "Dependent Search" screen shows user information at the top: "Logged In As: Molly T. West", "Traveler Name: Molly T. West", "Document Type: Authorization", "Screen ID: 1023.1", and links for "Close Window" and "Help for this screen". The "Defense Travel System" logo is present. A yellow message box states: "All routing, accounting, and reimbursement is made to the sponsor. Please select a dependent from the list below or use the second section to create a new entry. Note that only one entry may be created outside of the permanent profile." Below this are two sections: "Choose a Dependent:" with a table of existing dependents, and "Create Dependent:" with form fields for name, relationship, and dates. A "Create" button is next to the form fields. At the bottom are "Cancel" and "Select and Close" buttons.

| Select                | Dependent Name | Relationship | DOB        | Passport ID  | Exp. Date    |

Figure 2-34: Dependent Search Screen

7. Select the **radio button** next to the dependent.

If the dependent's name is not listed, complete the fields in the *Create Dependent* section. To add the dependent to your profile, check the **Save to Permanent Profile** box, then select **Create**. The screen refreshes. The dependent you create will appear at the top of the screen. Select the **dependent** using the appropriate radio button.

8. Choose **Select and Close**.

**Note:** If the RAT authorization is for a dependent that is over the age of 18, a message will display to inform the user that RAT may not be warranted for dependents over the age of 18.

The Trip Overview screen refreshes. The Dependent Information displays on the screen.

9. Select the **mode of transportation** and the preferred departure **time** in Section B.

Section C is labeled *My Designated Location is* for RAT authorizations.

10. Complete the **Location** field by using the search tools in the box.

After the location has been selected, DTS completes the airport field with the code of the closest airport (Figure 2-35).

Figure 2-35: Trip Overview Screen – Airport Field

11. Select the **Airport** drop-down list arrow to select a different **airport** if needed.
12. Complete the **Arriving On** field with the **date** of arrival at the designated location, using the calendar icon.
13. Complete the **Departing On** field with the **date** of departure from the designated location, using the calendar icon.
14. (Optional) Complete the **location** field under the My Alternate Location is (Optional) heading by entering the city name and selecting **Search** to select the state or country.

## Chapter 2: Temporary Duty (TDY) Authorizations

Travel to an alternate location is allowed; however, the reimbursement is limited to the cost of travel to the designated location. Section D is labeled *I am returning to*.

15. Complete the **Ending Point** field by selecting **RESIDENCE** or **DUTY STATION**.

**Note:** You may type a different **Ending Point** city and type or select **Search** to choose the state or country. If the Ending Point is different from the Starting Point, DTS will trigger a preaudit flag during the Review/Sign process. This flag informs you that travel for Renewal Agreement Leave taken in conjunction with a Permanent Change of Station (PCS) must be claimed on the PCS voucher, and per diem will not be paid on a voucher created from this authorization.

16. Select the **Airport** drop-down list arrow to select a different **airport** if appropriate.

17. Complete the **Arriving On** field with the **date** when you will arrive at the designated location. Use the calendar icon.

18. Select the **Trip Duration** radio button that identifies the length and needs of the trip. DTS defaults to Multi-Day if the trip exceeds one day. A different radio button may be selected if necessary.

19. Select the **I will be returning from my TDY by** radio button in Section E that identifies the mode of transportation to be used for the return leg of the trip.

20. Select the **Time** drop-down list arrow and choose the preferred **time** of departure.

21. Check the **box** in Section F if you need a rental car at this TDY location.

22. Check the **box** in Section G if there will be another type of ticket purchased for this trip. This will cause DTS to include the Other Transportation screen when creating the authorization.

23. Select **Not Applicable** to indicate that the trip is not for a conference.

24. Select **Save and Proceed**.

\* **Note:** You may select **CTO Full Assistance** to receive assistance in booking reservations instead of using the DTS Travel module to select the reservations. An additional fee is charged for this option.

If you select **CTO Full Assistance Request**, proceed to Step 26.

25. Select **OK** to continue

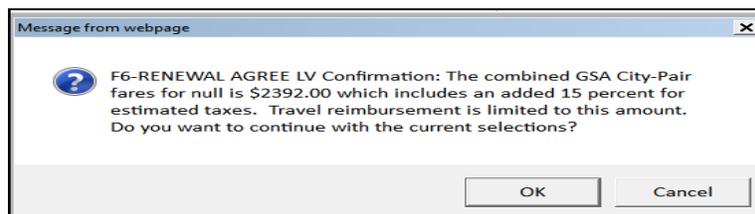

Figure 2-36: RAT GSA Contract Fare (City Pair) Confirmation Message

**Note:** If DTS cannot find a GSA contract fare flight, a pop-up message will display (Figure 2-36).

You must select the lowest unrestricted coach fare, and states that the AO will limit the reimbursement for all other travel modes to the amount of the lowest unrestricted coach fare.

26. Select **OK** to continue.

The TSA Secure Flight Information screen opens (Figure 2-37).

27. Update the information if required.

**Travel/Ticket Identification Information**

**TSA Secure Flight Information**

The Transportation Security Administration of the U.S. Department of Homeland Security requires us to collect information from you for purposes of watch list screening, under the authority of 49 U.S.C. section 114, and the Intelligence Reform and Terrorism Prevention Act of 2004. Providing this information is voluntary; however, if it is not provided, you may be subject to additional screening or denied transport or authorization to enter a sterile area. TSA may share information you provide with law enforcement or intelligence agencies or others under its published system of records notice. 28. (Optional) Place a check in the **Save changes to permanent traveler information** box to save the information to your permanent profile and document profile. If not selected, the TSA information will save for this document only.

29. Select **Save TSA Information**.

30. DTS processes the information that was submitted, system messages display briefly. DTS accesses the Travel module and the reservation screen that matches the selection on the Trip Overview screen.

## 2.6 Travel

The Travel module in DTS allows you to make reservations for commercial transportation, rental car, or lodging. After you select **Save and Proceed** on the Trip Overview screen, DTS processes the information and the reservation screen that matches your selection opens.

### 2.6.1 Air Travel

If you chose Commercial Air on the Trip Overview screen, DTS displays the Air Travel screen (Figure 2-38). If you did not select Commercial Air as your transportation choice, you can access the Air Travel screen anytime by selecting **Air** on the dark blue navigation bar under the **Travel** module.

#### 2.6.1.1 Select Air Travel

Flights are organized according to the type of fares under the fare tabs, as follows (Figure 2-39):

- **GSA Contract w/ Limited Availability.** These flights further discounted GSA city pair fare for Federal government employees on official business. This fare is fully refundable and changeable. There are limited seats available in this tab.
- **GSA Contract Airfare.** These flights are discounted for Federal government employees on official business. The fare is applicable to the last seat available; fully refundable and changeable.
- **Other Gov't Airfare.** This tab displays non-contract Government fares or discounted Government fares. Airlines offer competitive fares which may include combined city pair fares in non-city pair markets. Selecting this type of fare, will require justification and approval by your Authorizing Official.
- **Other Airfare.** These fares are available to the general public, but may have advance purchase requirements and cancellation fees. Selecting this type of fare will require justification and approval by your Authorizing Official.
- **AltGSA.** In cases where there are no Government-contract flights, DTS will search for an alternate airport within an 80-mile radius of the TDY destination to locate Government-contract flights. Results will display under this tab.

Figure 2-39: Flight Fare Locator Tabs

To see a more detailed description of each type of fare, mouse over the tab headings. If a flight is not needed for any portion of your trip, select **Skip This Flight**, located above the fare locator tabs.

DoD policy requires the use of GSA Contract Fares whenever they are available, unless an exception applies. If you select a flight that is not a GSA Contract Fare, and GSA Contract Fare flights are available, the Government Contract Fare Not Selected message displays.

This message informs you that the selection must be justified during preaudit. Select **OK** to keep the flight selection or select **Cancel** to return to the Air Travel screen.

You may view available flights by selecting one of the **Sort By** radio buttons shown below:

- Departure Time
- Arrival Time
- Elapsed Time (Total of travel time and layover time)
- Price
- Default (Lists non-stop flights first, in order of least to greatest elapsed time offset from requested departure time. All other flights are then sorted by elapsed time, offset from requested departure time.)

Follow the below steps to reserve a flight:

1. Chose the **Select Flight** button for the preferred flight.

## Chapter 2: Temporary Duty (TDY) Authorizations

The Seat Selector window opens. The flight information displays near the top of the window.

2. Select the blue **seat** icon to select an available seat.

-OR-

Select the **Seat Selection** drop-down list arrow and select a seat location.

**Note:** If you choose a flight that has more than one leg, you will need to select preferred seat assignments for all legs.

3. Select **Done**.

If air reservations are the first reservation to be requested, the TSA Secure Flight Information screen displays (Figure 2-37).

You must complete the TSA Secure Flight Information screen once per document when reservations are requested. This information is used for your Secure Flight Personal Data (SFPD) and will be transmitted to the TSA for watch list screening.

The TSA Secure Flight Information screen displays after your initial reservation has been selected or after comments have been sent to the CTO when using the CTO assistance feature. The fields are populated with information from your profile.

When creating an authorization for a dependent, you will enter this information for the dependent traveler.

**Note:** TSA PreCheck program offers expedited security screening for military members and DoD civilians at participating airports. TSA Precheck allows participants to keep their shoes, belt and light jackets on, leave laptops and 3-1-1 compliant liquids in their carry-on bags. In order to use dedicated TSA PreCheck security lanes, you must enter your DoD ID number in the Known Traveler Number text box when making official travel or leisure airline reservations.

4. Enter or update the information.
5. (Optional) Check the **Save changes to permanent traveler information** box to save information to the permanent profile and document profile. If not selected, TSA information will save for the document profile only.
6. Select **Save TSA Information**.

The screen displays a series of messages while DTS processes the information.

7. Your return flight search opens. You will select your return flight as you did your outgoing flight (see steps 1 and 2).

**Note:** If you cannot find a flight that meet your mission requirements, the **Request Assistance in Booking Flight** button is available to assist in obtaining a flight that will. Information may be added to the system-generated comment, but the system-generated text should not be removed. To expedite the handling of the reservations, it is important to use this button rather than calling the CTO. Additional fees may be added whether requesting assistance through DTS or calling the CTO.

The screen displays:

- A green box that contains the Reservations Summary flight information.
- *Cancel Flight*. Link that can be used to remove the flight reservation;

## Chapter 2: Temporary Duty (TDY) Authorizations

- *Change*. Link that can be selected to return to the Air Travel screen and search for a different flight;
- Fare and flight options for the return trip.

DTS displays the screen for the next type of reservation to be made.

### 2.6.1.2 Modify Search for Air Travel

The Modify Search section is shown on the left side of the screen allows you to modify the search (Figure 2-40). The below options explain how to change the search criteria. After entering all the requirements, select **Search** to display the new results.

The screenshot shows the 'Air Travel' interface. On the left, the 'Modify Search' section includes a 'Please Note: A Red Star (\*) indicates a field is required.' followed by several required fields: '\* Departure Airport (or city, state):', '\* Arrival Airport (or city, state):', '\* Arrival or Departure:' (with a dropdown menu currently set to 'Departure'), a date field with a calendar icon, a 'Time' dropdown menu, and a 'Show Alternate Airports:' checkbox. A 'Search' button is located at the bottom of this section. On the right, the 'RESERVATIONS SUMMARY' section is visible. A red text instruction, 'Please use the Modify Search area to find alternate flights', is overlaid on the right side of the screen, with two blue arrows pointing from the text towards the left-hand form fields.

Request Assistance in Booking Rail

Figure 2-41: Rail Travel Screen

You will normally make your arrangements for rail travel through the CTO. Unlike the other reservations, DTS will not book rail travel. When requesting rail, you should be aware that live rail schedules are not available in DTS. What is returned in the search results is a static list of train schedules. You should make applicable remarks for your choice of rail reservations in the comments field prior to submitting the request.

### 2.6.2.1 Select Rail Travel

You may select the order in which the trains display by selecting one of the **Sort By** radio buttons as shown below:

- Arrival Time
- Departure Time

Beginning on the Rail Travel screen (Figure 2-41), follow the below steps to book rail travel:

## Chapter 2: Temporary Duty (TDY) Authorizations

1. Choose **Select Train** for the preferred train.

The Rail Travel Detail screen opens (Figure 2-42). The following details display about the selected train:

- *Departing From and Traveling To.* The origin and destination for this travel.
- *Train Selected.* Information about the train. The trains are listed by company, train number, and departure and arrival date and time.
- *Seat Preference.* A drop-down list that allows you to select an aisle or window seat.
- *Comments field.* Text box in which you may enter information or questions for the CTO . By default, the text indicates the selected train departure and arrival times and stations.

Use this screen to find a different train or to save the selected train.

**NOTE: Selecting this option will require manual intervention by your Commercial Travel Office, and may result in a higher transaction fee to the Government.**

To change the date of arrival or departure:

Select the **\*Arrival** or **Departure** drop-down list arrow and select the leg of the trip for which the travel date will change.

Complete the **Date** field with the new arrival or departure date. Use the calendar tool if necessary.

### 2.6.3 Add Rental Car

If you chose **Rental Car** on the Trip Overview screen, DTS displays the Rental Car screen (Figure 2-44). DTS displays rental car company locations at the arrival airport and other locations. The rental cars are organized by:

- Government Rates
- Non-Government Rates

The screenshot displays the 'Rental Car' screen in the Defense Travel System. The top navigation bar includes 'Itinerary', 'Travel', 'Expenses', 'Accounting', 'Additional Options', and 'Review/Sign'. Below this, a secondary navigation bar shows 'Air', 'Rail', 'Rental Car', 'Lodging', 'Other Transportation', and 'Summary'. The main content area is titled 'Rental Car' and features a 'Modify Search' section on the left with fields for Pick-Up Date (11/02/2015), Pick-Up Time (08:30 AM), Drop-Off Date (11/05/2015), and Drop-Off Time (05:30 PM). It also includes a checkbox for 'One-Way Rental', a 'Pickup Airport (or city, state):' field (MDW - Chicago Midwa), and a 'Type:' dropdown (Compact). A 'Search' button is at the bottom of this section. The right side of the screen shows a 'Select Rental Car for MDW - Chicago Midway Intl, IL (USA) from 11/02/2015 through 11/05/2015' with a 'Skip This Car' button. Below this is a 'RESERVATIONS SUMMARY' box with details for AIR (\$468.20), RENTAL CAR (\$0.00), and LODGING (\$0.00). A note states 'Reservation Skipped - CHICAGO, IL Dates: 11/02/15 - 11/05/15' with a 'Remove' link. At the bottom, there are tabs for 'Government Rates' and 'Non-Government Rates', a warning about a \$5 per day fee, and a 'Select Car' button with a total cost of \$173.65.

### 2.6.3.2 Select Rental Car En Route (ER)

If you will use a rental car as transportation to and from a TDY location, you have two options to indicate your preference in DTS.

1. You can select **Rental Car** located in Section D on the Trip Overview screen as your mode of transportation(Figure 2-46).

-OR-

You can select **En Route (ER)** on the Rental Car screen(Figure 2-44).

After you have identified your option, follow the steps in section 2.6.3.1 to reserve your rental car.

The screenshot shows the 'Trip Overview' screen with the following elements:

- Section B:** '\*I will be traveling to my TDY location by - (Select from the list below)'. It features four radio buttons: 'Commercial Air', 'Rail', 'Rental Car', and 'Other'. The 'Rental Car' option is selected. To the right is a 'Time:' dropdown menu set to '09:00 AM'. Below this is a note: '(Claim private vehicle transportation in expense-mileage. Use of government vehicle is non-reimbursable, show this in Expense-Non-Mileage.)'
- Section C:** 'My TDY location is - (Where I will be working):'. It includes:
  - '\*Location 1: BOSTON,MA' in a text input field.
  - '\*Arriving On: 11/16/2015' with a calendar icon and '(mm/dd/yyyy)' below it.
  - '\*Departing On: 11/18/2015' with a calendar icon and '(mm/dd/yyyy)' below it.
  - 'Location Tools:' section with a 'Search By:' dropdown and four buttons: 'Location', 'State/Country - Location', 'Zip Code', and 'County Lookup'. A blue arrow points from this section to the 'Location 1' field.
- Section D:** 'At this location I will need'. It has a radio button for 'Rental Car' which is checked.

Figure 2-46: Trip Overview Screen - Rental Car Selected

**Note:** If you wish to rent a vehicle and return it to a different location, you will select the **One-Way Rental** box on the left side of the Rental Car screen. You will need to identify the:

- \*Pickup airport (or city, state)
- Drop Off Airport (or city, state)
- \*Type

Select **Search**, and the results will populate on the search screen.

### 2.6.3.3 Modify Search for a Rental Car

If none of the displayed cars meet your needs, you can modify your search to return different results.

The Modify Search section on the left side of the screen allows you to modify your search (Figure 2-47), the following options explain how to change the search criteria. after entering all the requirements, select **Search** to display the new results.

## 2.6.4 Add Lodging

Based on the TDY location you entered on the Trip Overview screen, DTS displays appropriate lodging recommendations following JTR requirements. A key paragraph is JTR, par. 1265, which governs the DoD Integrated Lodging Program Pilot (ILPP).

You can find more information about the ILPP in the *DoD Integrated Lodging Program Pilot Guide*.

You access the Lodging module by selecting **Travel** on the navigation bar, and choose **Lodging**.

### 2.6.4.1 Select Lodging

The hotels are organized by lodging type, in JTR preference order, as follows (Figure 2-49):

- Govt DoD Lodging. These facilities are owned or leased by the DoD, are normally located on an installation, and are run by DoD personnel. Some may be located off installation grounds and operated by a non-DOD entity. This is the preferred (and often, mandatory) lodging type if you are TDY to a military installation.
- Govt Privatized Lodging. These facilities are commercial lodging that used to be Government-owned and -operated, but now are owned by a commercial lodging company. This is the preferred lodging type if you are TDY to a military installation that does not have Govt DoD Lodging.
- Commercial DoD Preferred Lodging. These facilities have signed agreements with DoD to meet strict safety, security, and adequacy standards, and offer rooms below DoD per diem limits. This is the preferred lodging type if you are TDY to an ILPP location, but not to a military installation.
- Commercial Fire Safety Act Compliant. These facilities meet all Federal Emergency Management Agency (FEMA) requirements. They do not have a signed agreement with the Government, so they are not guaranteed to offer the same safety and security standards or match the pricing of a Commercial DoD Preferred Lodging facility. This is the preferred lodging type if you are TDY to a location that is neither an ILPP site nor a military location.
- Commercial Other Published Rates. These facilities do not meet the criteria for any of the above options. They are acceptable for use if no other facilities are available.

You may view the hotels by selecting the **Sort By** radio buttons as shown below:

- Distance
- Rate Range
- Hotel Name

\* DoD Govt and Govt Privatized facilities default to sorted by rate range. Commercial DoD Preferred facilities default to sorted by distance.

The Lodging screen displays the amount allowed for lodging for the selected location, and shows the below items for the hotel:

- Address
- Telephone and fax numbers
- Participation in the FedRooms program
- Distance from location
- Additional Hotel Information link

Before selecting lodging, you may wish to read more information about the hotel. Select **Additional Hotel Information** to open a window that displays links to hotel policies, amenities,

Once a hotel is selected, search results display by room/rate in this order:

- FedRooms
- Government rates
- Remaining rates (alphabetically)
- \* DoD Gov, DoD Privatized, and Commercial DoD Preferred Lodging only display Government rates.

If you are TDY to an installation, and DoD lodging is available, DTS functionality and lodging reimbursement limits depend on whether (a) the installation is a pilot location or a non-pilot location, (b) whether or not the lodging facility is connected to DTS, and (c) whether you are a military member or civilian employee.

### 2.6.4.2 Modify Search for Lodging

Unless you are TDY to an ILP pilot location, the Modify Search section on the left side of the screen allows you to modify the search criteria to obtain different lodging results(Figure 2-51). The below options and table explain how to change the search criteria. After entering all the criteria, select **Search** to display the new results.

Figure 2-52: Reservations Summary

1. Select **Cancel** for the reservation that needs to be changed.

A pop-up window asks: *Are you sure you want to cancel?*

2. Choose **OK** to proceed with the cancellation. The cancelled reservation no longer displays in the Reservation Summary box.  
-OR-  
Choose **Cancel** to return to the same screen without cancelling the reservation.

To change a reservation, begin in the Reservations Summary box, and follow the below steps:

1. Select **Change** for the reservation that needs to be changed.

## Chapter 2: Temporary Duty (TDY) Authorizations

DTS displays a Reservation Change Confirmation prompt (Figure 2-53).

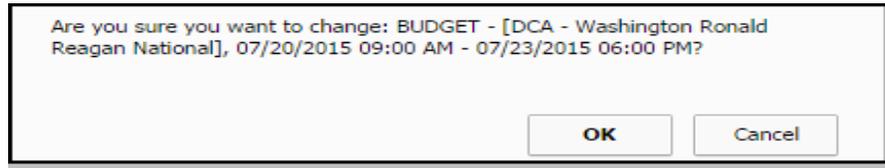

Figure 2-53: Rental Car Change Confirmation - First

2. Select **OK** to proceed with the change.  
-OR-  
Select **Cancel** to return to the Trip Summary without changing the reservation.

Depending on the reservation being changed, the screen displays the corresponding screen. Use the Modify Search area to find alternate reservations (Figure 2-54).

The screenshot shows the "Defense Travel System" interface. At the top, there are navigation tabs: "Itinerary", "Travel", "Expenses", "Accounting", "Additional Options", and "Review/Sign". Below these are sub-tabs: "Air", "Rail", "Rental Car", "Lodging", "Other Transportation", and "Summary". The "Rental Car" sub-tab is selected. On the left side, there is a "Modify Search" section with a "RETURN TO LIST" button. It includes a "Please Note: A Red Star (\*) indicates a field is required." and several input fields: "\* Pick-Up Date:" (07/20/2015), "\* Pick-Up Time:" (08:30 AM), "\* Drop-Off Date:" (07/23/2015), "\* Drop-Off Time:" (05:30 PM), "One-Way Rental:" (checkbox), "\* Pickup Airport (or city, state):" (DCA - Washington Ronald), and "\* Type:" (Compact). A "Search" button is at the bottom of this section. The main content area on the right is titled "Rental Car" and contains a "RESERVATIONS SUMMARY:" section. It lists "RENTAL CAR: \$183.58" and "LODGING: \$512.85". Below this, it says "Best Western PLUS Park I, SARATOGA SPRINGS, NY Dates: 07/20/15 - 07/23/15". A red arrow points to a "Keep Original Reservation" link. Below the summary, there is a red text prompt: "Please use the Modify Search area to find alternate rental cars." with two blue arrows pointing left towards the search area. At the bottom of the main area, there is a yellow box with text: "If travel agent assistance is required, click on the button 'Request Assistance in Booking Rental Car'. NOTE: Additional travel agent handling fees may apply." and a blue button labeled "Request Assistance in Booking Rental Car".

Figure 2-54: Rental Car Screen – Modify Search

If the modified search does not return acceptable results, you may choose to retain your original reservation by selecting **Keep Original Reservation**.

If you select a reservation that is different than the original reservation, a confirmation message displays letting you know that the reservation is about to be changed (Figure 2-55).

3. Select **OK** to delete the original reservation and add the new reservation.  
-OR-  
Select **Cancel** to keep the original reservation.

### 2.6.6 Other Trans. (Other Ticketed Transportation)

You can enter details and cost information about ticketed transportation that you purchased for this trip on the Other Transportation screen (Figure 2-56). Use it to add arrangements that you made outside of DTS to your authorization or voucher. For example, you can add ticket information on a voucher to show that you purchased an additional ticket as a result of a change in itinerary. If you checked Section E on the Trip Overview screen, DTS will include this screen during the reservations process. You can also access this screen by selecting Other Transportation on the subnavigation bar.

If you select the box in Section E on the Trip Overview screen, DTS will include the Other Trans. screen during the reservations process. You can also access this screen by selecting **Other Transportation** on the subnavigation bar.

**Note:** The **Click here for memorandum** link opens a memo addressed to DoD members. The memo implements mandatory split disbursement for military members, and encourages split disbursement for DoD civilian employees. **Note:** A Customer Identification Code (CIC) will be issued once the authorization has been approved.

Follow these steps to add ticketed transportation information to an authorization:

1. Select **Travel** from the navigation bar.
2. Select **Other Transportation** from the subnavigation bar.

The Other Trans. screen opens (Figure 2-56).

3. Select the **Type** drop-down list and select the **type of travel with appropriate billing category**.

The Description field completes automatically.

4. Complete the **Ticket No.** field if the ticket number is known.
5. Complete the **Ticket Value** field.
6. Complete the **Cost** field if the actual cost differs from the ticket value.
7. Complete the **CBA Label** field and the **CBA Account** field by selecting the **CBA Accounts** link, if the travel will be centrally billed.

A pop-up window displays the CBAs available for selection.

8. Select a **CBA number**.  
-OR-  
Select **Cancel**.

If you choose a **CBA number**, it will display in the CBA Account field. This action also populates the CBA Label field. The Other Trans. screen opens whether you choose a CBA number or Cancel.

9. Complete the **Departure Date** field. Use the calendar icon, if necessary.
10. Complete the **Issue Date**, if known.
11. Complete the **Ticket Date** field, if not already complete.
12. Complete the **text field** to provide comments to the CTO if necessary.
13. Select **view expense details** to view the reimbursement method or calculate the U.S. dollar amount for expenses paid in foreign currency.

If you choose Comm Air (Central Bill), Comm Rail (Central Bill) or CTO Fee (Central Bill) on the Other Transportation screen, the Method of Reimbursement cannot be changed on this screen.

### 2.6.7.3 Email and Print the Trip Itinerary

In the top right corner of the Trip Summary screens there are two links that may be used to email the itinerary and print the itinerary. To print the itinerary, select **Print this Itinerary**, then follow the instructions in the browser pop-up window.

Follow the below steps to email the itinerary:

1. Select **Email this Itinerary**.

The Email Itinerary Details window opens (Figure 2-62).

Please add/change recipients (one recipient per line) and add comments (optional).

The **To:** field defaults to the email address in your personal profile.

2. (Optional) Update the information in the **To:** field.

One or more email addresses may be added below the default or the default may be replaced with a different email address.

3. (Optional) Enter an additional email address for DTS to send the itinerary in the **CC:** field.
4. (Optional) Complete the Comments field with any comments for the email recipients.
5. Select **Send Email**.

DTS sends the itinerary and comments to all valid email addresses entered.

## 2.6.8 Full CTO Assistance Request

You may use the Full CTO Assistance Request button to request assistance with the entire itinerary instead of selecting reservations by using the Travel module.

After selecting the Full CTO Assistance Request from the Trip Overview screen (Figure 2-28), a pop-up message informs you that this option requires manual intervention from the CTO and an additional fee will be charged (Figure 2-63).

4. Enter or update data.
5. (Optional) Check the **Save changes to permanent traveler information** box to save information to the document and the user/traveler profile. If not selected, this information will save in the document only.
6. Select **Save TSA Information**.

## 2.7 Expenses

The Expenses module in DTS allows you to record mileage and non-mileage expenses, and edit per diem entitlements. Before travel, expenses are estimated and entered by date to get an accurate “should cost” estimate for the trip.

## 2.7.1 Non-Mileage Expenses

You may select non-mileage expenses from a list or enter them manually on the screen. To access the Non-Mileage Expenses screen in DTS, select **Expenses** on the navigation bar. The Non-Mileage Expense screen opens (Figure 2-65).

The screenshot displays the 'Non-Mileage Expenses' screen within the Defense Travel System. At the top, there is a navigation bar with tabs for 'Itinerary', 'Travel', 'Expenses', 'Accounting', 'Additional Options', and 'Review/Sign'. Below this, a secondary bar shows 'Non-Mileage', 'Mileage', 'Per Diem Entitlements', and 'Substantiating Records'. The main heading is 'Non-Mileage Expenses'. A yellow box contains instructions: 'Use this screen to enter non-mileage expenses for your travel document. Select an expense type, or, if you cannot find the appropriate expense type, enter a description in the box provided. Select "Save Expenses" to save the expenses to the travel document. Reminder: CTO Fees are a reimbursable expense to the traveler when the transportation costs are charged to your Individual Government Travel Charge Card (IBA).'. Below this, it shows 'Leave: 22-Jun-15' and 'Return: 26-Jun-15'. There are five identical expense entry sections, each labeled 'Non-Mileage Expense #1' through '#5'. Each section contains:
 

- '\* Select Expense Type: [dropdown] - OR - [text box]'
- '\* Cost: \$ [text box] view expense details/currency calculator'
- '\* Date: [calendar icon] 06/22/2015 (mm/dd/yyyy) [calendar icon]'
- '\* Method of Reimbursement: [dropdown] GOVCC-Individual'

 At the bottom, there is a 'Save Expenses' button and a footer that says 'Proceed to the following page: Expense - Mileage [dropdown] Continue'.

Figure 2-65: Non-Mileage Expenses Screen

Follow the below steps to enter non-mileage expenses:

1. Select the **Select Expense Type** drop-down list arrow and select the **type** of expense. If the expense type is not listed, enter the type in the **-OR-** field below the drop-down list.
2. (Optional) The **Method of Reimbursement** field populates automatically. Complete the **Cost** field with the amount of the expense.
3. Complete the **Date** field with the date on which the expense was or will be incurred. Use the calendar icon if necessary.

4. (Optional) Select **view expense details/currency calculator** (Figure 2-66) to view cost options or to convert a foreign currency into a U.S. dollar amount.

- Complete the **Exchange Rate** field with the official exchange rate for the date on which the currency was spent.
- Select **Save** to enter the calculated amount into the Non-Mileage Expenses screen Cost field.  
-OR-  
Select **Return** to return to the Non-Mileage Expenses screen.

5. Repeat Steps 2 through 4 until all expenses are entered.

**Note:** Up to five expenses may be entered on the initial expenses screen before saving. Additional expenses can be entered and saved one at a time.

- Select **Save Expenses**. Changes will not be saved unless this button is selected.
- Enter additional expenses one at a time.
- Select **Save Expense**.

## 2.7.2 Mileage Expenses

The Mileage Expenses screen allows you to enter expenses incurred for the use of different modes of transportation and the mileage for the trip. DTS uses the mileage you enter and the current rate of reimbursement to calculate mileage expenses. Use the steps listed below to enter mileage expenses in DTS:

1. Select **Expenses** from the navigation bar.
2. Select **Mileage** from the subnavigation bar.

The Mileage Expenses screen opens (Figure 2-67). The Mileage Expense types are described in Table 2-3.

The screenshot displays the 'Mileage Expenses' screen within the Defense Travel System. At the top, the navigation bar includes 'Itinerary', 'Travel', 'Expenses', 'Accounting', 'Additional Options', and 'Review/Sign'. The subnavigation bar shows 'Non-Mileage', 'Mileage', 'Per Diem Entitlements', and 'Substantiating Records'. The main heading is 'Mileage Expenses'. A yellow box contains the instruction: 'Use this screen to enter mileage expenses for your trip. Click on the "Save Expenses" button to save these expenses.' Below this, the trip dates are 'Leave: 22-Jun-15' and 'Return: 26-Jun-15'. There are two identical forms for 'Mileage Expense #1' and 'Mileage Expense #2'. Each form has an 'Expense Type' dropdown, a 'Date' field (06/26/2015), a 'Method of Reimbursement' dropdown, and a calculation: '\* Miles [input] x Rate [input] = Cost \$'. A 'Save Expenses' button is located below the forms. At the bottom, a footer says 'Proceed to the following page: Per Diem Entitlements' with a 'Continue' button.

Table 2-3: Mileage Expense Types

| MILEAGE EXPENSE TYPES  |   |
|--|---|
| EXPENSE TYPE   | DESCRIPTION   |
| POC Use – Dedicated Gov Veh  | A privately owned conveyance (POC) is used for your convenience instead of an available Government vehicle dedicated for your use, such as a commander's car.*  |
| POC Use – Gov Vehicle Avail  | A POC is used for your convenience instead of an available Government vehicle. Example: A fleet of vehicles has been procured for your use and one of the vehicles is available, but you use a POC.*            |
| Private Plane  | A private plane is used for TDY travel.   |
| Pvt Auto-In/Around   | A privately owned vehicle is used for official business while at the TDY location.  |
| Pvt Auto-TDY/TAD   | A POC is used for travel from your duty station or residence to and from the TDY location. When selected, miles cannot be entered. Instead, use of the Defense Table of Official Distances (DTOD) is mandatory. |
| Pvt Auto-Terminal  | A POC is used for travel from your duty station or residence to and from the airport.   |
| Pvt Motorcycle-In/Around   | A privately owned motorcycle is used for official business while at the TDY location.   |
| Pvt Motorcycle-TDY/TAD   | A privately owned motorcycle is used for travel from your duty station or residence to and from the TDY location. When selected, miles cannot be entered. Instead, use of the DTOD is mandatory.                |
| Pvt Motorcycle-Terminal  | A privately owned motorcycle is used for travel from your duty station or residence to and from the airport.  |
| *No POC reimbursement is allowed if a Government vehicle was used by other travelers to complete the TDY mission and space was available for you, but you chose to use a POC for personal convenience. |   |

3. Select the **Expense Type** drop-down list and select the **type of expense**.
4. Enter the **Date** of the expense. Use the calendar icon if necessary.
5. The Method of Reimbursement field populates automatically, based on the selected Expense Type.
6. Enter the number of miles in the **Miles** field.
  - a. If you choose **Pvt Auto-TDY/TAD** or **Pvt Motorcycle-TDY/TAD** in the **Expense Type** drop-down list, mileage cannot be entered. Select **DoD Table of Distances** to calculate mileage and receive an estimated cost for the expense.
  - b. Check the **Create a separate expense for return trip mileage** box, if appropriate (Figure 2-68).

## Chapter 2: Temporary Duty (TDY) Authorizations

The screenshot shows the 'Mileage Expenses' form in the Defense Travel System. The form is titled 'Mileage Expenses' and includes a navigation bar with options: Itinerary, Travel, Expenses, Accounting, Additional Options, and Review/Sign. Below the navigation bar, there are tabs for 'Non-Mileage', 'Mileage', 'Per Diem Entitlements', and 'Substantiating Records'. A 'RETURN TO LIST' button is located at the top left. The main content area contains a yellow instruction bar: 'Use this screen to enter mileage expenses for your trip. Click on the "Save Expenses" button to save these expenses.' Below this, the form displays 'Leave: 22-Jun-15' and 'Return: 26-Jun-15'. The first section, 'Mileage Expense #1', has the following fields: 'Expense Type' (Pvt Auto-TDY/TAD), 'Date' (06/26/2015), 'Method of Reimbursement' (Personal), 'Miles required to be obtained from Defense Table of Distances' (DoD Table of Distances), 'From: 22134 Quantico, VA', 'To: Sheppard AFB, TX', 'Miles' (1437.0), 'Rate' (0.575), and 'Cost' (\$ 826.28). There is a checkbox for 'Create separate mileage expense for return trip mileage' which is checked. The second section, 'Mileage Expense #2', has 'Expense Type' (empty), 'Date' (06/26/2015), 'Method of Reimbursement' (--Please Select--), and 'Miles' (empty). A 'Save Expenses' button is located at the bottom of the form. At the very bottom, there is a 'Proceed to the following page:' dropdown menu set to 'Per Diem Entitlements' and a 'Continue' button.

7. Select **Save Expenses**.
8. Select **OK** to the message stating that a Constructive Travel Cost-Comparison Worksheet may need to be completed (Figure 2-69).

The pop-up message box contains the following text: 'You have selected a transportation mode that may require a Constructed Travel Cost-Comparison Worksheet to be completed and included with the document via fax or scanning. The Worksheet is located at <http://www.dtstravelcenter.dod.mil/cnsttbl/> or within DTS under Review/Sign>Pre-Audit. Do you wish to continue?' Below the text are two buttons: 'OK' and 'Cancel'.

Repeat Steps 2 through 6 for the next mileage expense if necessary.

9. Enter additional expenses one at a time.
10. Select **Save Expense**.

### 2.7.2.1 Defense Table of Official Distances

The DTOD must be used when driving to a TDY location outside the local travel limits. It is not used for local travel or for any form of personal travel. Follow the below steps to calculate mileage by using the DTOD:

1. Select the **DoD Table of Distances** link below the Method of Reimbursement field (Figure 2-68).

The DoD Table of Official Distances (DTOD) screen opens (Figure 2-70).

**DoD Table of Official Distances (DTOD)**

Use DTOD to calculate mileage when traveling to a location using a personally owned vehicle (POV). Enter (or search for) a starting and ending location (city and state/country and/or county) to calculate the miles for this mileage expense. Use the Oconus check box to indicate Oconus/Conus.

**Traveling From:**

Please Note: A **Red Star ( \* )** indicates a field is required.

## Chapter 2: Temporary Duty (TDY) Authorizations

2. Check the **OCONUS** box if the city that will be entered in the Traveling From section is in a location that is not a U.S. state or territory. (DTOD will only find a foreign location if this box is checked.)
3. Complete the **City** field with the name of the city that is the starting point from which the mileage will be calculated.
4. Complete the **State/Country** field and **County** field (optional). Select the **Lookup State and Country Codes** link if help is needed.
5. Select **Search** to view a list of locations associated with the city entered in the Traveling From section.
6. Choose **Select** next to the correct location.
7. Use the above steps to complete the **Traveling To** section.
8. Select **Calculate Mileage**.
9. Select **Save Total and Continue**.

The Mileage Expenses screen opens (Figure 2-67). The cost is calculated in the box on the right side of the screen.

10. Select **Save Expenses** to save the mileage expense.

### 2.7.3 Per Diem Entitlements

The Per Diem Entitlements screen permits a traveler to edit a document by changing per diem entitlements for lodging, duty conditions, meals, and leave.

To access the Per Diem Entitlements module, select **Expenses** from the navigation bar. Select **Per Diem Entitlements** from the subnavigation bar. The Per Diem Entitlements screen opens (Figure 2-71). This screen shows the amount to be reimbursed for each date and location of travel. The information on the screen results from the TDY location selected on the Trip Overview screen and accommodations selected in the Lodging screen. See Table 2-4 for Per Diem Entitlements definitions.

**Note:** The GSA State Tax Exemption Listing link allows a traveler to access and print a tax-exempt form for the location where travel will occur.

### 2.7.3.1 Update Per Diem Entitlements – Lodging

Follow these steps to update per diem entitlements for lodging:

1. Select **Expenses** from the navigation bar.

The Non-Mileage Expenses screen opens by default.

2. Select **Per Diem Entitlements** from the subnavigation bar.

The Per Diem Entitlements screen opens (Figure 2-71).

3. Select **Edit** next to the date to be changed.

The Per Diem Entitlement Detail screen opens (Figure 2-72). These fields may be used to update per diem entitlements for your trip.

The screenshot shows the 'Per Diem Entitlement Detail' screen in the Defense Travel System. The page has a navigation bar with links for Itinerary, Travel, Expenses, Accounting, Additional Options, and Review/Sign. Below this is a sub-navigation bar with links for Non-Mileage, Mileage, Per Diem Entitlements (which is highlighted), and Substantiating Records. A 'RETURN TO LIST' button is located in the top left. The main content area is titled 'Per Diem Entitlement Detail' and contains a yellow informational box with instructions on how to apply changes to specific dates. Below this, there are input fields for 'Location' (SHEPPARD AFB, TX), 'Values Apply From Date' (06/22/2015), and 'Values Apply Through' (06/22/2015) with a calendar icon. A section titled 'Per Diem Rates' contains another yellow informational box about total costs and a link to 'View Expense Details / Currency Calculator'. Below this are three rows of input fields: 'Per Diem Rate' (83 / 46), 'Lodging' (\$ 67.00), and 'M & IE' (\$ 34.50). Each of these three rows has a link to 'view expense details / currency calculator'.

4. Complete the **Values Apply Through** field if changes are for multiple days in a row.
5. Update the **Lodging** field if the cost differs from the amount shown.
6. (Optional) Select **view expense details/ currency calculator** to view expense options or to convert a foreign currency into a U.S. dollar amount and select **Save**.
7. Select **Save These Entitlements**.

### 2.7.3.2 Update Per Diem Entitlements – Duty Conditions

Follow these steps to update per diem entitlements for duty conditions:

1. Select **Per Diem Entitlements** from the subnavigation bar.

The Per Diem Entitlements screen opens.

2. Select **Edit** next to the date to be changed.

The Per Diem Entitlement Detail screen opens. These fields may be edited to update per diem entitlements for duty conditions.

3. Complete the **Values Apply Through** field if changes are for multiple days in a row.

## Chapter 2: Temporary Duty (TDY) Authorizations

4. Select the **Duty Conditions** that apply to the TDY (Figure 2-73).

**Duty Conditions**

Check all of the following that apply:

- Field Conditions
- Adverse Effects/Commercial Quarters
- Inactive Duty Training (Local Commuting Area)
- Permissive TDY
- Hospital Stay
- Quarters Available
- Group Travel
- Essential Unit Messing
- Aboard U.S. Vessel
- Authorized Trip Home

Select one of the following:

- None
- Annual Training (Quarters and Meals Available)
- Annual Training (Quarters Available/Meals Not Available)
- Annual Training (Commercial Quarters)
- Active Duty Training (Quarters and Meals Available)
- Active Duty Training (Quarters Available/Meals Not Available)

### 2.7.3.3 Update Per Diem Entitlements – Meals

Follow these steps to update per diem entitlements for meals:

1. Select **Per Diem Entitlements** on the subnavigation bar.

The Per Diem Entitlements screen opens.

2. Select **Edit** next to the date.

The Per Diem Entitlement Detail screen opens.

3. Complete the **Values Apply Through** field if changes are for multiple days in a row (Figure 2-72).

4. Select the appropriate **meal code** radio button from the list on the left side of the screen (Figure 2-74).

Meals

If you would like to make changes to meals, select the appropriate meal code and applicable meal(s) for this date or date range:

Full Rate       Breakfast  
 Elected       Lunch  
 Available       Dinner  
 Provided      Cost: \$0.00  
 Occasional  
 Special Rate

Figure 2-74: Per Diem Entitlement Detail Screen - Meals Section

The Available and Provided meal codes reduce per diem entitlements. The Available meal code will only be available when the TDY location is a military installation. See Table 2-6 for definitions of the Per Diem Entitlement Selections for Meals.

5. Check the **meal** box(es) in the list on the right side of the screen, if applicable.
6. Select **Save These Entitlements**.

Table 2-6: Per Diem Entitlements Selections for Meals

| PER DIEM ENTITLEMENTS SELECTIONS FOR MEALS |   |

| MEAL PER DIEM ENTITLEMENTS                 | DEFINITION  |
| Full Rate                                  | You are authorized commercial meal rate.  |
| Elected                                    | You will voluntarily use Government dining facilities (mess hall). This does not affect M&IE computations. (Use when completing a voucher from authorization.)  |
| Available                                  | DTS automatically checks the meals and quarters availability information associated with the selected TDY location to determine if meals are available. Your M&IE allowance is reduced according to established meal deduction amounts. Check the Breakfast, Lunch and Dinner boxes to specify which meals are available.   |
| Provided                                   | Your M&IE allowance is reduced according to established meal deduction amounts. Check the Breakfast, Lunch and Dinner boxes to specify the provided meals.  |
| Occasional                                 | Authorized at the discretion of the AO, occasional meals can be approved for trips that last less than 12 hours. Enter the total amount in the Cost field.  |
| Special Rate                               | <p>The Special Rate is selected for unique travel situations. The two most common situations are when the Service Secretary authorizes:</p> <p style="padding-left: 40px;">A flat per diem rate for travelers assigned to a Contingency Operation for more than 180 days. You receive 55% of the applicable locality per diem rate.</p> <p style="padding-left: 40px;">A lower per diem rate under Joint Federal Travel Regulations, par. U4177. The document authorizing the lower per diem rate must be attached to the DTS authorization.</p> <p><b>Note:</b> If applying the OCONUS incidental rate of \$3.50, select the OCONUS Incidental Amount box under "Other Per Diem Entitlements" and select all meals provided. Do not use the Special Rate option to indicate an OCONUS incidental rate.</p> |
| Cost                                       | The Cost field is used to set a per diem rate when Occasional or Special Rate meal code is selected.  |

### 2.7.3.4 Update Per Diem Entitlements - Other Per Diem Entitlements

Follow these steps to update Other Per Diem Entitlements:

1. Select **Per Diem Entitlements** on the subnavigation bar.

The Per Diem Entitlements screen opens (Figure 2-71).

2. Select **Edit** next to the date to be changed.

The Per Diem Entitlement Detail screen opens (Figure 2-72) and displays fields that may be used to update the per diem entitlements for the trip. The Other Per Diem Entitlements section is in the lower part of the screen (Figure 2-75). This screen allows you to change the per diem reimbursement by selecting a radio button.

**Other Per Diem Entitlements**

If you need to claim actual lodging in excess of per diem, take leave, designate OCONUS incidental amount, indicate non-per diem duty days or indicate In Place, you may check the appropriate box. In-place and OCONUS incidental reduction selections can be made in combination with each other; for the other selections only one option may be applied.

- Authorized Delay**  
Check here if you need to use Authorized Delay for the above date or date range.
- Actual Lodging**  
Check here if you need to use Actual Lodging for the above date or date range.
- OCONUS Incidental Amount - (Used to reduce the daily incidental rate to the minimum.)**  
Check here if your AO determines the minimum default incidental rate applies for the above date or date range, instead of the applicable locality rate included in the daily amount for Meals and Incidentals.
- In Place - (Used to increase the M&E amount to 100% on first or last day of travel)**  
Check here if you are beginning or ending your travel at a TDY location vice your permanent duty station.

**Note:** The Per Diem Entitlement Detail screen shown in Figure 2-75 is for a civilian employee. Military members will not be able to choose Sick Leave in the Other Per Diem Entitlements.

3. Complete the **Values Apply Through** field if changes are for multiple days in a row.
4. In the Other Per Diem Requirements section select the appropriate **radio button** for the per diem date(s) as it applies.
5. Select **Save These Entitlements**.

## Chapter 2: Temporary Duty (TDY) Authorizations

See Table 2-7 for descriptions of the radio buttons.

| PER DIEM ENTITLEMENT SELECTIONS FOR OTHER PER DIEM ENTITLEMENTS |  |
|---|--|
| OTHER PER DIEM ENTITLEMENTS                                     | DEFINITION   |
| No Other Per Diem Entitlements                                  | This radio button is selected by default. If you are not claiming any of the other per diem entitlements, then this radio button remains selected and no entitlements are affected.  |
| Leave   | Select if leave will be taken while on TDY. Military personnel use <b>Annual</b> leave. Government employees choose either <b>Annual</b> or <b>Other</b> . Government employees may enter the number of hours they wish to take. <b>Note:</b> The per diem entitlements will be zeroed out for the selected date range unless a DoD civilian employee is taking fewer than 8 hours leave.  |
| Sick Leave - No Per Diem  | This option only displays for DoD civilian employees. Select if the employee is sick and not authorized per diem.  |
| Sick Leave - Per Diem   | This option only displays for DoD civilian employees. Select if the employee is sick and is authorized full per diem.  |
| Duty Day(s) (No Per Diem)                                       | This option only used only for military personnel. Select if the AO does not approve the excess travel time as official (trip is extended beyond official travel date) but leave should not be charged because you returned on a duty day. No per diem reimbursement is allowed and the day is not charged as leave.   |
| Non-Duty Day(s)   | This option is only used for DoD civilian employees. Select if the AO does not approve the excess travel time as official, but leave should not be charged because you returned on a non-duty day. No per diem reimbursement is allowed and the day is not charged as leave. Example: You complete mission requirements on Friday and are supposed to return on Saturday, but instead stay until Sunday. 75% reimbursement for travel applies to Saturday and no per diem is paid on Sunday and no leave is taken. |
| Authorized Delay  | Select for a particular date if the AO approves additional travel time as official because you are unavoidably delayed. Full reimbursement is allowed for per diem entitlements.   |
| Actual Lodging  | Select if the lodging cost exceeds per diem lodging allowed. This selection requests that the actual lodging costs be reimbursed instead of the per diem lodging rate. After selecting Actual Lodging, you will enter the amount of the actual lodging costs in the Lodging field in the Per Diem Rates section on this screen for each affected date and must justify the Actual Lodging flag on the Pre-Audit screen.  |
| OCONUS Incidental Amount  | Select if the AO determines that the minimum incidental amount (\$3.50 rate) is allowed rather than the Local Incidental Rate for the destination. This OCONUS Incidental Amount should only be used when travel is outside the continental United States. This selection can be used in combination with the In Place per diem entitlement.   |

|---|--|
| OTHER PER DIEM ENTITLEMENTS                                     | DEFINITION   |
| In Place  | Select to allow you to start or end an authorization or voucher in conjunction with another authorization or voucher that has an adjacent date. If used for the first or last day of the authorization with no other duty conditions, it computes and pays full per diem and lodging for the per diem location. This selection triggers an Other Authorization during the Review/Sign process. When this Other Authorization triggers, the user must enter comments, such as a TANUM, to associate the document with the other document. This selection can be used in combination with the OCONUS Incidental Amount per diem entitlement. |

### 2.7.3.5 Using Leave While on TDY

Although you may be authorized to take leave while on TDY, DTS does not support reservations for leisure travel. You should only make travel reservations in DTS for the official portion of the travel. All costs entered into DTS will be reimbursable or non-reimbursable (CBA or Government-provided) based on the expense and method of reimbursement.

The organization should establish local procedures with the CTO to allow off-line booking and payment for leisure travel, especially when official travel is charged to a CBA. The local procedures should focus on determining the reimbursable amount, manually entering the appropriate expenses in DTS, and attaching documentation.

If you take leave at the beginning, end, or in the middle of the TDY, no expenses or per diem for lodging or M&IE will be paid for your leave day(s). You are responsible for your own expenses on those days. An advisory notice will display on the Pre-Audit Trip screen when signing the authorization.

Use local business rules to accomplish off-line booking and payment for leisure travel. The local rules should explain calculating the reimbursable amount, entering appropriate expenses in DTS, and attaching documentation.

### 2.7.3.6 Per Diem Entitlements - International Date Line (IDL) Travel

The International Date Line (IDL) is an imaginary line roughly along the 180th meridian. It is the place where each calendar day begins. If travel involves crossing the IDL, make sure that the correct time zone for the duty station is selected in your profile. Crossing the date line is noted in the Location column of the Per Diem Entitlements screen (Figure 2-76). Table 2-8 explains how DTS treats per diem entitlements for IDL travel.

## 2.7.4 Substantiating Records Imaging

Receipts and documentation of approval for first class travel are examples of substantiating records that support reimbursement requests for expenses. You are required to attach images of these records to the travel document so that you can receive proper approval and reimbursement.

You can attach documents to the trip record by using either the fax method or the scan and upload method. Although the Substantiating Records Imaging function is available for authorizations, receipts will not be available until after the travel is complete.

### 2.7.4.1 Submit Substantiating Records by Fax

To fax substantiating records for attaching to your travel document, follow these steps:

1. Gather all supporting documents (as required by local policy).
2. Select **Expenses** from the navigation bar.
3. Select **Substantiating Records** from the subnavigation bar.

The Substantiating Records screen opens (Figure 2-77).

4. Select **Print Fax Cover Sheet**.

The DTS Receipts Cover Page opens (Figure 2-78). The fax cover sheet displays a bar code that is unique to the document. It identifies the document in the DTS database that the substantiating records are associated with.

The image shows a sample fax cover sheet for the Defense Travel System. At the top left is the logo for the Defense Travel System, with the tagline "A New Era of Government Travel". The main title is "DTS Receipts Cover Page". Below the title, there is a warning: "Warning: Make sure you physically mask out your SSN on any faxed documents!". A list of instructions follows, including dialing numbers for the National Capital Region, the United States, and international calls. A note states that receipts may take up to five minutes to appear. A large barcode is positioned horizontally across the middle, with the alphanumeric string "EWMISAWAABJPN071315\_A01" printed below it. To the right of the main text is a vertical barcode. Below the horizontal barcode is a "Notes" section with a rectangular box for writing. At the bottom, there is a local National Capital Region number: "Local National Capital Region number - 703-421-6939 or 703-421-3506".

The Print dialog box opens over the DTS Receipts Cover page.

5. Select **Print**.
6. (Optional) Write or type comments in the **Notes** box of the printed DTS Receipts Cover Page to identify the documents that are attached and will be loaded via the current fax.
7. Use a fax machine to send a facsimile of the cover sheet and the substantiating records.

The DTS Receipts fax number is shown on the cover page. *This is a live fax number and is **NOT** to be used for training purposes.*

## Chapter 2: Temporary Duty (TDY) Authorizations

**Note:** There is a processing time of about five minutes while DTS receives, converts, and loads the faxed pages into the document identified by the bar code.

### 8. Select **Refresh**.

11. Select **View** to see an image of the records contained in the fax.
12. Select **Remove** to remove the desired image from the current document.

### 2.7.4.2 Submit Substantiating Records by Scan and Upload

DTS accepts and stores uploaded images of scanned documents. Acceptable file types include .bmp, .gif, .jpg, .pdf, .png, and .tif. The maximum file size is 2MB per file. Multiple files can be uploaded, but each file must be uploaded individually.

**Note:** Certain Microsoft products are not compatible with DTS because the images that they produce are compressed. DTS security requirements do not allow compressed images.

To use the scan and upload method to load records into DTS, follow the below steps:

1. Gather all supporting documents (as required by local policy).
2. Scan the documents individually and save to your computer. Label each document with a descriptive name.
3. Select **Expenses** from the navigation bar.
4. Select **Substantiating Records** from the subnavigation bar.

The Substantiating Records screen opens.

5. Select **Browse**.

The Choose File Window opens (Figure 2-80).

## 2.8 Accounting Codes

If you are traveling on official DoD business you must have an accounting code that identifies the source of funds for travel. You may be required to provide the correct accounting label when creating an authorization.

**Note:** If you are creating a C-Permissive authorization, you will not be able to select a Line of Accounting (LOA).

The Accounting Codes screen allows trip expenses to be charged to one or more LOAs. If the LOA is set up in DTS, it will be available for selection in one of the following three drop-down lists:

- Accounting Label: These accounting codes or LOAs belong to your organization. If a Default accounting code has been set up for the organization, it will auto-populate in the field
- Shared LOA: These accounting codes are shared from a higher organization in your own hierarchy
- Cross Org LOA: These accounting codes are shared from a DTS organization outside your hierarchy

**No Other Accounts Available.** This will display when no LOAs have been set up in DTS for the organization.

Follow the below steps to select an accounting label for an authorization:

1. Select **Accounting** from the navigation bar.

The Accounting Codes screen opens by default (Figure 2-83).

- Select the **Change Organization** link if it is necessary to use the LOA from another suborganization under the current organization.

If **Find Accounting Label** was selected, the Find Accounting Label screen opens and displays a list of LOAs.

- Choose **select** next to the correct LOA to add to the document.

### 2.8.1 Select Multiple Accounting Codes

Follow the below steps to apply multiple accounting codes to an authorization:

1. Use the **Select Accounting Label** drop-down list arrow and select all LOAs that apply.
2. Select the **How To Allocate** drop-down list arrow and select a method.
3. Select **Allocate Expenses**.

The Allocate Expenses screen opens.

4. Allocate the expenses.
5. Select **Save Allocations**.

### 2.8.2 Using FMS LOAs in an Authorization

The Government uses the term *Foreign Military Sales (FMS)* as an identifier when selling defense items and services to a foreign country or international organization. When a travel document is created for such a purpose, DTS uses the prefix *FMS* in the LOA label.

DTS processes an authorization with an FMS LOA similar to the way that it processes other authorizations. However, the accounting and disbursing functions for FMS LOAs cause the following changes:

- You and the AO receive pop-up messages reminding them that FMS LOAs are processed differently and require extra processing time for payments.
- You receive an email reminder about the delay when the document is approved.

A document may use FMS LOAs along with other LOAs. A delay in payment to you may result when using an FMS LOA because their use requires approval from an additional Defense Finance Accounting Services (DFAS) system.

The FMS prefix makes FMS LOAs easy to identify. They are selected from the LOA drop-down lists the same way as other LOAs in DTS (Figure 2-84).

The Additional Options module allows you to update personal profiles and request SPPs and advances.

### 2.9.1 Profile

The Profile section of Additional Options allows you to update your profile data using the links displayed near the top of each of the Profile screens. NDEAs are also able to update profile data for / travelers in the groups that they have group access.

**Note:** You may view and edit your personal profile from the User Welcome screen by selecting **Traveler Setup > Update Personal Profile**. Changes made using the Traveler Setup option will not update existing documents.

Different elements of the profile data are displayed on five different screens that can be reviewed and updated. Use the links on each screen to open the next Profile screen.

**My Profile Screen.** This allows you to view and edit name, address, and other general information. The PCS Info button is not currently used (Figure 2-85).

**Note:** The Zip Code Directory will verify the accuracy of associated State and Zip Code fields.

### 2.9.2 Scheduled Partial Payments (SPPs)

When a trip exceeds 45 days, DTS allows you to receive partial reimbursement before the trip is complete. When SPPs are set up on an authorization, you will receive payment every 30 days for estimated expenses.

Follow these steps to set up SPPs:

1. Select **Additional Options** from the navigation bar.

The My Profile screen opens (Figure 2-85).

2. Select **Partial Payments** from the subnavigation bar.

The Scheduled Partial Payments screen opens (Figure 2-90). The Schedule Partial Payments button will only be available if the length of the trip exceeds 45 days.

Note: When an asterisk (\*) appears in the Release Date field, this indicates that the Scheduled Partial Payment will be delayed beyond the normal 30 day period. This is because one or more of the Lines of Accounting associated to the payment are being held due to fiscal year crossover considerations at the accounting system.

DTS calculates the payment amounts, based on the estimated trip expenses and trip itinerary dates. Payment dates are automatically scheduled beginning 30 days from the trip start date, and every 30 days thereafter. You cannot change SPP amounts or payment dates.

If your expenses change during the trip and you record expense adjustments, DTS will recalculate the amounts for the SPPs that have not been submitted for payment.

If you submit an amendment that shortens the of the trip, DTS will delete any SPPs that have been scheduled but not paid. If your trip is extended on the authorization, DTS will recalculate your payment amounts and the schedule based on the date changes.

2. Select the **Scheduled Partial Payment** drop-down list arrow and select the **SPP** to be viewed.

The screen refreshes to display the details of the selected SPP.

3. Select the **Proceed to the following page** drop-down list arrow (at the bottom of the screen) and select **Partial Payments**.
4. Select **Continue**.

The Scheduled Partial Payments screen opens.

To cancel SPPs that are scheduled but have not been paid or submitted for payment, select **Cancel Scheduled Partial Payments**. A SPP cannot be cancelled if it has already been paid or submitted.

When acknowledgement of the payment is received from the Global Exchange (GEX) Disbursing, DTS displays an updated status on the SPP screen as PAID.

**Note:** When DTS calculates SPPs, it deducts any advances that you may have taken from the total amount allowed to you. The total amount of the SPPs and advances may not exceed the total cost of the trip. This helps to prevent you from incurring a debt to the Government.

### 2.9.3 Non-ATM Advances

A non-ATM advance is a payment that you receive before trip departure. Non-ATM advances are typically only given to you if you do not have a GTCC. The two categories of advances are as follows:

- ADVANCE AUTH - Up to 80 percent of should-cost
- FULL ADVANCE - Up to 100 percent of should-cost

The AO must approve the request in the authorization before advance disbursement. For expenses that will be incurred prior to the departure date, the AO may authorize the non-ATM advance to be paid immediately.

Follow these steps to request a non-ATM advance:

1. Select **Additional Options** from the navigation bar.

The My Profile screen opens.

2. Select **Advances** from the subnavigation bar.

The Advances screen opens.

3. Select from the **Accounting Label**, the **Shared LOA**, or the **Cross Org LOA** drop-down list the LOA that is associated with the non-ATM advance. Only the LOA(s) selected on the Accounting Codes screen is available for selection.

The maximum amount of the advance authorized displays in the Advances Summary box on the right side of the screen.

**Note:** A delay in payment to you may result when using FMS LOAs as additional approval is required outside of DTS for their use.

4. If the Advance Requested amount is acceptable, proceed to Step 6.  
-OR-  
Select **edit** in the View/Edit column if a lower amount is preferred.

The Edit Advance screen opens.

Update the **Amount** field with the amount requested. *Request must not exceed maximum allowed.*

5. Select **Save**.

The Advances Summary refreshes. The requested amount is displayed.

### 2.9.3.1 Change an Advance Amount

After the authorization has been created, a situation may arise in which the expenses change from the original advance request. For example, a trip may be extended or shortened. The process for changing the advance amount depends upon whether or not the document has been approved. If the authorization *has not been approved*, you may change the advance amount in DTS. If the authorization *has been approved*, the advance amount cannot be changed in DTS. The process for each case follows.

*If the authorization has not been approved, follow the below steps:*

1. Log in to DTS and make the changes. For example, change itinerary to return a week later.
2. Select the **remove** link to the right of the selected Advance LOA.
3. Select the **Accounting Label** drop-down list arrow and select the same **LOA** that was removed.

The screen refreshes. It displays the new advance amount.

*If the authorization has been approved, follow the below steps:*

1. Log in to DTS and create an amendment.
2. Make the changes to expenses. For example, change itinerary to return a week later.
3. Request the increased advance amount outside of DTS, according to local business rules.

If the expense amount *decreases* after the advance amount has been approved, DTS will create a DUE U.S. condition for the overpaid amount. This will occur if the amount of the advance paid to you exceeds the amount claimed on your voucher.

## 2.10 Review/Sign

The Review/Sign feature initiates the routing process for a document. You can take certain actions such as previewing and editing trip information and justifying any items that DTS flags before signing and routing the document. You will receive an email notification when the AO approves the authorization.

### 2.10.1 Preview Trip

The Preview Trip screen allows you to confirm and edit the data on an authorization (Figure 2-92). This screen may be used to provide comments to an AO.

## Chapter 2: Temporary Duty (TDY) Authorizations

**Note:** The **Click here for memorandum** link opens a message that implements mandatory split disbursement for military members, and encourages split disbursement for DoD civilian employees. Follow the below steps to complete this screen and continue the process:

1. Select **Review/Sign** from the navigation bar.

The Preview Trip screen opens (Figure 2-92).

2. Complete the **Reference** field, if necessary. This field is for the entry of data that will allow administrators to track spending by audit case number, Budget Category Codes, legal case number, war fighting missions, and similar information.
3. Complete the **Comments to the Approving Official** text box, if needed.

The **Comments from the Travel Agent** field displays comments that the CTO has entered for you.

4. Confirm all data.
5. Select **Save And Proceed To Other Auths**.

### 2.10.2 Other Authorizations

The DTS Other Authorizations feature is used to display and print remarks on travel documents (Figure 2-93). When you select an item that may need further explanation to be considered for approval (e.g., leave in conjunction with TDY, rental car other than compact, meals provided) DTS will automatically flag it as an Other Authorization. DTS also allows you to add Other Authorizations manually.

Entries in the Remarks field of any Other Authorizations will be printed on all forms.

Follow the below steps to add other authorizations to a document:

7. Select Save and Proceed to Pre-Audits.  
-OR-  
Select Pre-Audit from the subnavigation bar.

### 2.10.3 Pre-Audit Trip

The Pre-Audit Trip screen displays any item that DTS has flagged in the document (Figure 2-95). DTS requires you to justify certain items. Examples of such items include expenses that exceed DoD or service thresholds, or have had the method of reimbursement changed. A flagged item does not stop one from traveling, requesting a certain expense, or obtaining lodging that is not within the per diem rate. Appropriate comments must be entered for the item(s) that have a Justification to Approving Official text box.

Other flagged items are merely advisory and require no action. An example of an advisory notice is an alert that the information in your profile differs from that which is entered on the document.

DTS automatically preaudits a document when you sign it. The preaudit of a document can also be done at any time during creation. Comments for each item requiring justification must be entered before the authorization will route for approval.

Figure 2-95: Pre-Audit Trip Screen

**Note:** The Help link above each flagged item opens an explanation of the selected flag.

## Chapter 2: Temporary Duty (TDY) Authorizations

Follow the below steps to complete this screen and continue the process:

1. Complete the **Justification to Approving Official** text boxes. If the Reason Codes link does not display above the text box, skip Steps 2 through 4. Resume at Step 5.

**Note:** Select **Help for this screen** to see a table of preaudit codes used in the Reason Flagged column. This table explains why an item was flagged.

2. Select **Reason Codes** if the link is available.

**Note:** The following actions will cause the Reason Codes link to appear above the Justification to Approving Official text box:

- “C” reason codes will appear if a non-GSA contract fare flight is chosen on the Air Travel screen
- “R” reason codes will appear if a military member does not use government quarters when TDY to a military installation.
- “L” reason codes will appear if a member does not participate in the Integrated Lodging Program.

Check the **Select** box for the appropriate choice(s).

3. Select **Save**.

The Pre-Audit Trip screen refreshes with the reason displaying above the Justification to Approving Official text box.

4. Complete the **Justification to the Approving Official** text boxes.
5. Select **Save And Proceed To Digital Signature**.

**Note:** Pre-Audit Justifications will not print if Govt + Form is selected in Form Preferences. To ensure Pre-Audit Justifications are printed, beginning on the User Welcome screen, follow the below steps to change form preferences to the default forms.

1. Select the **Traveler Setup** drop-down list and select **Form Preferences**.
2. Select the **Default** radio button for the type of travel document desired before printing. Additionally, check the boxes next to the other item/attachments desired to be printed on the authorization or voucher.
3. Select **Save Form Defaults** at bottom of the page to retain this setting.

### 2.10.4 Digital Signature

The final step in creating an authorization is to digitally sign the document. This begins the routing process. Follow these steps to apply a digital signature to an authorization:

1. Select **Digital Signature** from the subnavigation bar.

The Digital Signature screen opens (Figure 2-96).

- Complete the **Additional Remarks** field (optional).

The remarks entered will be maintained in the Document History section of the screen. They serve as a record for the creation or change made to the document.

**Note:** If at any point in the document history the authorization failed a DTS audit, the reason for failure may be viewed by selecting the **View Reasons for Audit Failures** link.

6. Select **Submit Completed Document**.

If you made airline reservations or made a request for CTO Assistance, the Cancellation Warning screen opens (Figure 2-97). The warning notifies you that if the document is not APPROVED or tickets issued at least 72 hours prior to departure, airline reservations will be cancelled. Airline reservations booked within 72 hours of scheduled flight departure time must be approved and ticketed within 24 hours to avoid cancellation.

7. Select **OK**.

If you made a hotel or rental car reservation, and your profile contains no valid GTCC (or you have not previously entered personal credit card information), DTS will display a warning message (Figure 2-98).

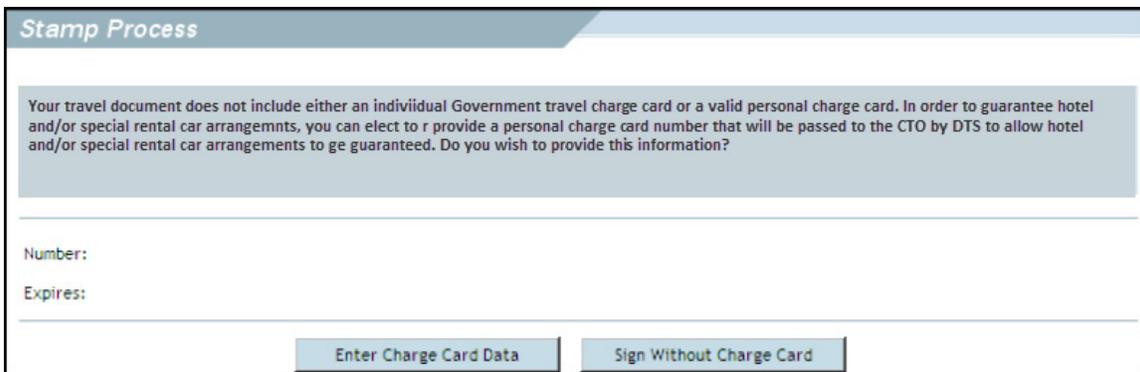

Figure 2-98: Initial Prompt for Personal Charge Card Data

If **Sign Without Charge Card** is selected, the below message displays stating that hotel and special rental car arrangements may not be guaranteed. You may enter charge card data or continue signing the document without credit card information (Figure 2-99).

**Stamp Process**

Your hotel and/or special rental arrangements may not be guaranteed. You may need to contact the CTO directly, which may result in a higher travel agent fee. If you do not have either a Government travel charge card or a personal charge card, you will have to contact the CTO directly to arrangement for a payment method to guarantee your hotel and/or special rental car arrangements. Do you wish to continue and signing process without providing personal charge card information?

**Stamp Process**

Your travel document does not include either an individual Government travel charge card or a valid personal charge card. In order to guarantee hotel and/or special rental car arrangements, you can elect to provide a personal charge card number that will be passed to the CTO by DTS to allow hotel and/or special rental car arrangements to be guaranteed. Do you wish to provide this information?

9. Complete the **Expires** field with the credit card expiration date (MM/DD/YY) or use the calendar icon.
10. Select **Save Charge Card Data**.

If **Discard Charge Card Data** is selected, any credit card data entered will be deleted from the document.

Once saved, the following message will display:

*If this travel is cancelled, you must cancel the travel arrangements with the CTO in sufficient time to ensure no cancellation fee is charged to your personal credit card.*

## Chapter 2: Temporary Duty (TDY) Authorizations

The following changes will occur once **Save Charge Card Data** is selected:

- The personal credit card information will be included in the Passenger Name Record (PNR) to the CTO to indicate this as a form of payment and guarantee of arrangements
- The method of reimbursement for hotel and rental car will indicate *Personal*
- The last four digits of the personal credit card will be display in the Lodging and Car Rental screens of the authorization and voucher. These credit card data fields are viewable only for you. You may update the credit card data at any time.

11. Complete the **PIN** field.

12. Select **OK**.

### 2.10.5 Make an Adjustment to an Authorization

The authorization may need to be changed when something in the trip is added, deleted, or changed. This change will be in the form of an *adjustment* or an *amendment*, depending upon the document status when the change was made.

Any change made to the document before the SIGNED stamp has been applied is simply an edit to the document, and no routing occurs. Until the document is stamped SIGNED, the CTO cannot validate reservations, nor will a Routing Official be alerted to review or approve it.

An *adjustment* refers to a change made *before* the AO applies the APPROVED stamp to the document. An *amendment* refers to a change made *after* the AO applies the APPROVED stamp to the document.

Beginning on the User Welcome screen, follow the below steps to make an adjustment to an authorization:

1. Mouse over **Official Travel** (or **Official Travel Others** if the adjustment is for another traveler).
2. Select **Authorizations/Orders** from the drop-down list.

The Authorizations/Orders screen opens. It displays a list of existing authorizations (Figure 2-101).

The **view/edit** link opens the most recent document.

The **view** link(s) opens a previously adjusted version of the document.

The buttons above the list of adjustments create a printable, text-only formatted document in a new browser window. The buttons are described below.

**Print All.** Lists all of the adjusted documents (starting with the most recent).

**Print Current and Approved Versions.** Lists the most recent version of the document and any other versions approved by the AO. If the current document is the same as the approved version, then only the approved version displays. If the document has not been approved, the most recent version of the document displays.

**Print Document History.** Lists the Document History table that displays on the authorization's Digital Signature screen, for each version of the document.

4. Select **view/edit**.

The **View-Only** window opens (Figure 2-103).

5. Clear the check from the **Open Document VIEW-ONLY** box.
6. Select **OK**.
7. Complete the **PIN** field.
8. Select **OK**.

The Preview Trip screen opens with a message informing you that if any changes are made to reservations or to the method of reimbursement, the SIGNED stamp must be applied for those changes to take effect (Figure 2-104).

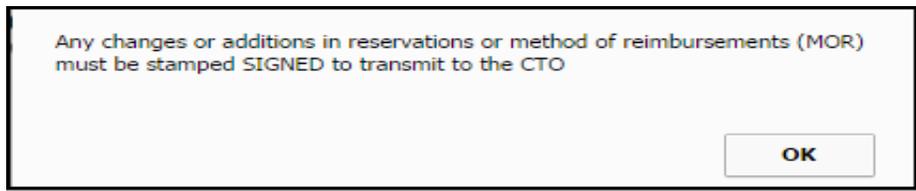

Figure 2-104: Preview Trip Screen with Warning Message

The Print Document button near the top of the screen opens a text-only version of the document in a separate window.

9. Select **OK** to acknowledge the reminder.
10. Select any of the **edit** links to edit details about the associated expenses and reservations.
11. Select the **appropriate tab(s)** on the navigation bar and the subnavigation bar to open the screens and make changes.
12. Select **Pre-Audit** from the subnavigation bar.

The Pre-Audit Trip screen opens. Enter justification for any items flagged by the changes.

Select **Save And Proceed to Digital Signature**.

The Digital Signature screen opens.

13. Select the **Submit this document as** drop-down list and select **SIGNED**.

14. Complete the **Additional Remarks** field, if necessary.

15. Select **Submit Completed Document**.

If you have made airline reservations or made a request for CTO Assistance, the Cancellation Warning screen opens (Figure 2-104). The warning notifies you that if the document is not APPROVED or tickets issued at least 72 hours prior to departure, airline reservations will be cancelled. Airline reservations booked within 72 hours of scheduled flight departure time must be approved and ticketed within 24 hours to avoid cancellation.

16. Select **OK**.

17. Complete the **PIN** field.

18. Select **OK**.

The Authorizations/Orders screen opens. Make sure the status of the document is SIGNED.

### 2.10.6 Self-Approving Official

Travelers who have been designated as Self-Approving Officials (Self-AOs) can approve their own authorizations, unless the authorizations have non-ATM advances or SPPs. Like other AOs, Self-AOs apply the APPROVED stamp when the authorization reaches the final step in the routing list. Self-AOs cannot approve their own vouchers.

Beginning on the User Welcome screen, Self-AOs follow the below steps to approve their authorizations:

1. Select the **Click Here** link in the Documents Awaiting Your Approval box.
2. Select **review** to the left of the name of the authorization to be approved.

The Preview Trip screen opens.

3. Review the trip information.
4. Select **Proceed to Other Auths**.
5. Review any **Other Authorizations** information.
6. Select the **Continue** button at the bottom of the screen. Normally you will be going to the **Pre-Audit** screen.

The Pre-Audit Trip screen opens.

7. Select **Save and Proceed to Digital Signature**.

The Digital Signature screen opens.

8. Select the **Submit this document as** drop-down list arrow and select **APPROVED**.
9. Select **Submit Completed Document**.
10. Complete the **PIN** field.
11. Select **OK**.

The Stamp Process screen opens (Figure 2-105). See Chapter 6 of this manual for details regarding the Route and Review process.

### 2.10.7 Confirm Ticketed Reservations

You should always confirm their airline tickets prior to departing for the airport. The below options are available to confirm ticketing of air reservations:

- **PNR Locator.** The PNR Locator is a six-digit alpha-numeric designator that can be used to access the PNR from a Web site provided by the reservation system or CTO. The PNR Locator can be obtained from the CTO itinerary, CTO invoice (if available), or the DTS document. (See the Trip Description Comments box on the Itinerary screen.)
- **Review the ticketed invoice provided by the CTO.** This is not a standard process. If available, the ticketed invoice provides the actual cost of the tickets and the account to which the tickets were charged. The invoice also includes seat assignments. The CTO may email the invoice at time of ticketing, e.g., 72 hours prior to departure.

The itinerary, seat assignments and e-ticket receipt can be obtained by entering the PNR Locator in any of the Web sites listed below:

- Sabre - <http://www.virtuallythere.com>
- Worldspan - <http://www.mytripandmore.com>
- Apollo - <http://www.viewtrip.com>

Contact the CTO if help is needed to determine which reservation system is used.

**Note:** Travelers should print the information and bring it with them to the airport.

## 2.11 Partner System-Generated Documents

A *partner system* is a non-DTS system that creates travel authorizations; but may not have electronic reservations, accounting, voucher creation, or payment capabilities. The system does not use DTS, but has partnered with DTS to electronically exchange data files. DTS accepts the partner system's data and then builds a complete document that includes reservations, accounting, and voucher creation and payment.

A *third-party system* is a partner system that supplies the authority to travel and the funding to reimburse the costs incurred while performing travel that is not normally within your organization.

The partner system exports the travel information and your information to DTS. DTS imports the information and uses it to create an authorization shell. DTS sends an email to you and DTA notifying you of the authority to travel and of the upcoming travel dates. You will log in to DTS, complete or edit the authorization, and then submit it for approval.

If the partner system makes modifications to the travel information provided to DTS, another email is sent to notify you that modifications have been made or need to be made to the imported travel authorization. Those modifications will display when the authorization is edited.

Section 2.11.2 provides you with the steps to complete or edit the imported authorization. Partner Setting to Allow Traveler Edits

### 2.11.1 Partner Setting to Allow Traveler Edits

The editing (or adjusting) of an imported authorization depends on the preset value of the Allow Data Modification setting in the Partner System setup information (See Partner Settings).

**Note:** This is different from the Allow Systematic LOA Modification setting, which is for updates to LOAs, Standard Document Numbers (SDNs), and the allocation method.

If the partner setting for Allow Data Modification is set to *No*, then the partner system's changes to the authorization do not overwrite the current travel authorization.

You will receive an email stating the recommended changes that should be made to the document. You will open the document to make the changes manually.

**Note:** If you have not yet accessed the imported travel authorization and changes are sent, then the data will overwrite the current travel document.

If the partner setting for Allow Data Modification is set to *Yes*, then the partner system's changes to the authorization overwrite the current travel authorization. You will receive an email stating that changes were made to the document. If you have already signed the authorization, you will receive an email that identifies the changes that should be made to the authorization. You will open the document to make the changes manually.

### 2.11.2 Complete or Edit an Imported Authorization

Beginning on the User Welcome screen, follow the below steps to complete (edit or adjust) an imported travel authorization:

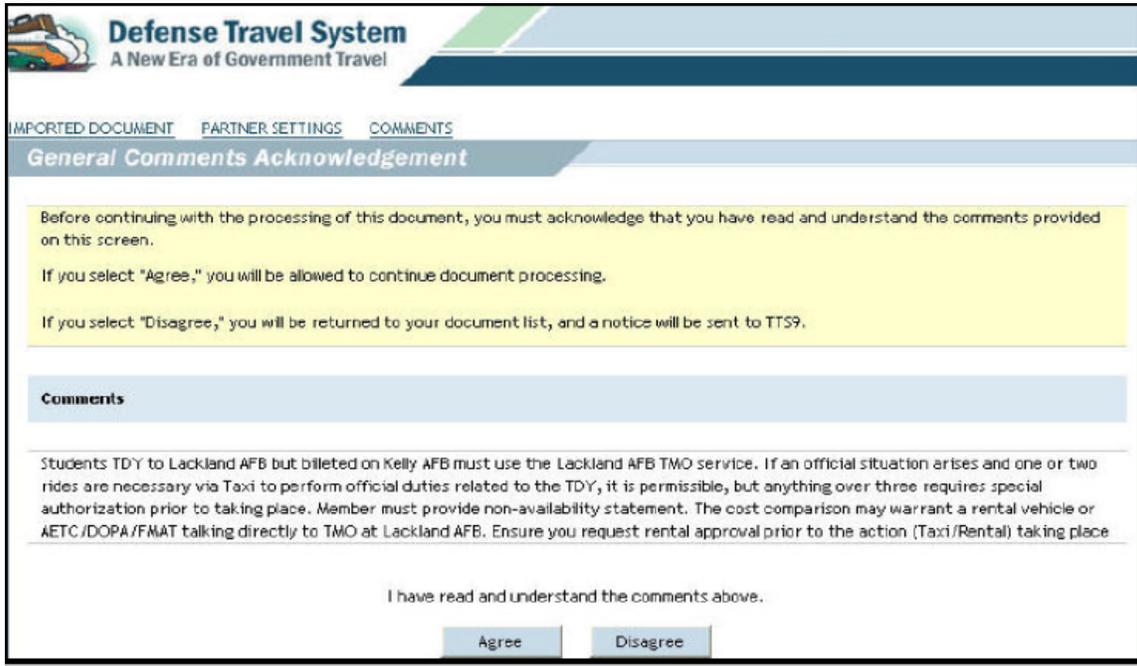

1. Mouse over **Official Travel** from the menu bar.
2. Select **Authorizations/Orders** from the drop-down list.

The Authorizations/Orders screen opens. A list of your existing authorizations displays.

3. Select **edit** to the right of the document name to be edited (refer to the document name indicated in the email if received).

## Chapter 2: Temporary Duty (TDY) Authorizations

If the partner system has included a comment to you, the General Comments Acknowledgement screen opens (Figure 2-108). If no comment was added, the Preview Trip screen opens.

The screenshot shows the 'Defense Travel System' interface with the tagline 'A New Era of Government Travel'. Navigation tabs include 'IMPORTED DOCUMENT', 'PARTNER SETTINGS', and 'COMMENTS'. The main heading is 'General Comments Acknowledgement'. A yellow box contains the following text: 'Before continuing with the processing of this document, you must acknowledge that you have read and understand the comments provided on this screen. If you select "Agree," you will be allowed to continue document processing. If you select "Disagree," you will be returned to your document list, and a notice will be sent to TTS9.' Below this is a 'Comments' section with a light blue header. The comment text reads: 'Students TDY to Lackland AFB but billeted on Kelly AFB must use the Lackland AFB TMO service. If an official situation arises and one or two rides are necessary via Taxi to perform official duties related to the TDY, it is permissible, but anything over three requires special authorization prior to taking place. Member must provide non-availability statement. The cost comparison may warrant a rental vehicle or AETC/DOPA/FMAT talking directly to TMO at Lackland AFB. Ensure you request rental approval prior to the action (Taxi/Rental) taking place'. At the bottom, there is a statement 'I have read and understand the comments above.' and two buttons: 'Agree' and 'Disagree'.

Figure 2-108: General Comments Acknowledgement Screen

4. You will select **Agree** to indicate that the comments added by the partner system have been read and understood. Selecting **Disagree** returns to the document list.

**Note:** Once you have concurred with the comment, the screen will not appear again.

The Preview Trip screen opens.

If the partner system has sent a modification file for the authorization, the following message displays at the top of the Preview Trip screen (Figure 2-109).

A modification transaction from <name of Partner System> has been received and needs your attention. [Click Here](#) to view.

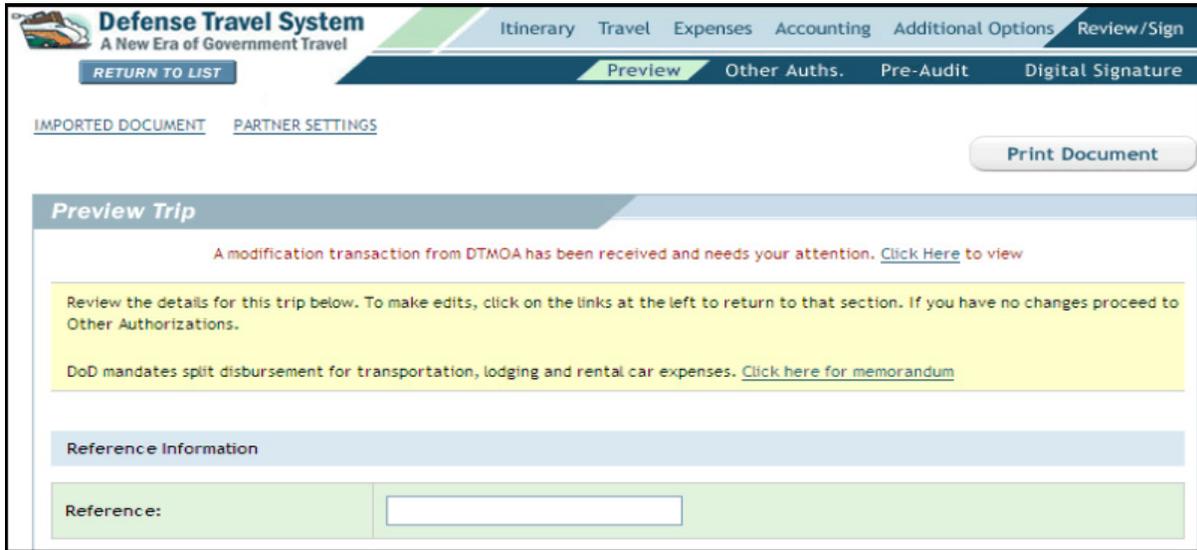

Figure 2-109: Partner System Modification Message

**Note:** If the partner setting for *Allow Data Modification* or *Allow Systematic LOA Modification* is set to Yes and you have not signed the document, the partner system's changes to data or LOA(s) in the document will update automatically when DTS imports the data file.

5. Select the **Click Here** link to view the requested modifications.

## Chapter 2: Temporary Duty (TDY) Authorizations

The Modification Comparison screen opens (Figure 2-110).

| Modification Comparison |                      |          |               |               |

Figure 2-110: Modification Comparison Screen

6. Review the modifications recommended by the partner system and select **Accept**.

Choosing **Reject** returns user to the Preview Trip screen. (You can print the screen if necessary to make the changes.)

**Note:** DTS will apply LOA modifications will be applied to the amended document and reallocate expenses on the document accordingly, whether **Accept** or **Reject** is chosen. You will receive an email if any itinerary changes must be made manually. If no itinerary changes are needed, you will sign the authorization after accepting the LOA modification.

For data modifications, the Adjustments screen opens.

7. Select **view/edit** on the Adjustments screen.

Make the requested changes. See Section 2.11.2.1.

### 2.11.2.1 Edits Unique to Imported Authorizations

Only a basic itinerary and a should-cost estimate display on a partner system-generated travel document. You must use DTS to search and select air, hotel, and rental car. See Figure for instructions how to do this.

You may only search for a rental car if authorized to do so. If you are not authorized a rental car, a pop-up window will inform you of this if you attempt to use the **Search Rental Car Availability** button (Figure 2-111).

Figure 2-111: Rental Car Not Authorized Window

The partner system can disable the registration fee expense item for some or all travel orders. In this case, the Non-Mileage Expenses screen displays the following statement: *Registration Fees are disabled for this order writing authority* (Figure 2-112). The Registration Fees expense does not display on the Expense Type drop-down list.

Figure 2-112: Non-Mileage Expenses Screen

The partner system can activate the *Disable LOA Edits* feature which will prevent you or the NDEA from making any edits to the LOA displayed on the Accounting Codes screen in the document. This setting also disables edits to allocation methods.

## Chapter 2: Temporary Duty (TDY) Authorizations

If the *Allow Systematic LOA Modification* feature is set to *Yes*, the partner system can modify the LOA(s) and allocation methods, even if the *Disable LOA Edits* feature is activated.

Beginning on the Accounting Codes screen, follow the below steps to view the details of the LOA on a travel document:

1. Select **view** in the View/Edit Accounting Code column.
2. Review the details that display.
3. Select **Close**.

### 2.11.2.2 Partner System Document Links

The appearance of screens within an imported travel document differ from a document created in DTS. Imported travel documents display three links under the navigation bar in every screen of the document:

- Imported Document
- Partner Settings
- Comments

These links are discussed in this section.

Beginning on any screen in the document, follow the below steps to view the links.

#### Imported Document

The Imported Document link is used to display the trip information from the original file that was used to generate the imported travel authorization.

1. Select **Imported Document**.

The Imported Document Information screen opens for review.

2. Select **CLOSE**.

#### Partner Settings

The Partner Settings link is used to open a screen that displays the partner system settings as they were at the time the travel document was created. These settings are preset and are determined by the service or agency. They remain static throughout the document's life cycle; they remain in place for the document even if the partner system settings are changed. Options available to you for each travel document depend on the preset values in the Partner Setup.

Beginning on any screen in the document, follow the below steps to view its partner settings:

1. Select **Partner Settings**.

The Partner Settings screen opens for review.

2. Select **CLOSE**.

#### Comments

The Comments link is used to open a screen that displays general comments and instructions for you. This is the same information presented before the Preview Trip screen opens when a travel edits the document. The Comments link will not display if there were no comments from the partner system.

Beginning on any screen in the document, follow the below steps to view travel document comments:

1. Select **Comments**.

The General Comments screen opens with any comments for you or the NDEA.

2. Select **CLOSE**.

### 2.11.3 Auto Approved Stamp

The **AUTO APPROVED** stamp is a DTS system-generated stamp used to automatically approve an imported authorization once it is signed. The partner system must set the Auto-Approval setting to Yes for this functionality to be enabled.

- DTS will NOT assign the AUTO APPROVED stamp if any of the below conditions exist:
  - Audit flags for travel arrangements or expenses
  - Traveler or NDEA selects a non-GSA contract fare flight
  - Imported record is identified with a period of Inactive Duty Training or Inactive Duty Training Travel in the per diem duty conditions
  - Document is not generated from an imported file
  - Action is an amendment and the AUTO APPROVED status stamp has not been applied to any earlier version of the authorization
  - Amendment was systemically created immediately after DTS applied the APPROVED stamp in support of the Obligation Upon Receipt

When the AUTO APPROVED stamp cannot be applied because it was not enabled or because certain conditions exist, DTS sends the document through the assigned routing list for review and it is stamped with the manual APPROVAL stamp.

The same actions occur when DTS applies the AUTO APPROVED stamp as when an AO applies the APPROVED stamp. They are as follows:

- A TANUM is applied to the authorization
- The GEX accounting system is notified of the need to obligate funds
- The CTO receives a follow-on communication that authorizes the purchase of the commercial airline tickets.
- If Bypass Budget Edits is set to Yes in the partner system settings, DTS ignores whether sufficient funds exist in the budget and stamps the document with the AUTO APPROVED stamp.

### 2.11.4 Amendments to Imported Authorizations

If you need to modify an approved imported authorization, they must create an amendment. An amendment is created *after* a document is approved. An adjustment refers to a document that is modified *before* approval.

The steps to create an amendment for an imported authorization are the same the steps as for a regular authorization in DTS.

## 2.11.5 Cancellation of Imported Authorizations

When DTS receives and accepts a cancellation import file from the partner system, DTS determines if the authorization meets the criteria for an automatic or manual cancellation. DTS notifies the partner system of that determination in an export file.

Below are the criteria and procedures for automatic and manual cancellations.

### 2.11.5.1 Automatic Cancellation of Authorizations

When a cancellation notice is received from a partner system, DTS automatically cancels the imported authorization when the below conditions apply:

- The cancellation is received before the trip start date
- No non-ATM advances have been paid or submitted for payment.
- Commercial reservations have not been ticketed (before the TAW date)

The below actions occur when DTS automatically cancels an imported authorization:

- The CANCELLED stamp is applied to the document
- All reservations are cancelled
- Required financial transactions are transmitted
- DTS sends an email to you or the NDEA with notification that the authorization has been cancelled and that no action is required

**Note:** If an expense has been incurred on the cancelled authorization, you must file a local voucher.

**Note:** If the document has not been accessed by you or the NDEA and no financial transactions have been transmitted (i.e., Obligation Upon Receipt), DTS will also delete the travel authorization. If your profile was created during the processing of the initial import data file, DTS will retain the data and allow you to complete self-registration.

### 2.11.5.2 Manual Cancellation of Authorizations

The imported authorization must be cancelled manually when DTS receives a cancellation notice from a partner system *after* any of the below conditions have occurred:

- Trip start date
- TAW date
- Payment or submission for payment of any non-ATM advances

The following actions occur in DTS when any of the above conditions are met:

- DTS sends an email notification to you or the NDEA that the trip is cancelled and that additional actions are required.
- You or the NDEA will follow the appropriate DTS cancellation procedures. See Chapter 10 of this manual.
- The **trip cancel** link will appear in the Remove/Trip Cancel column on your Authorizations/Orders screen.

### 2.11.5.3 Cancellations Initiated from Within DTS

Occasionally it is necessary for a traveler to initiate the cancellation of an authorization imported from a partner system.

If the **User Can Cancel Authorizations** partner setting is set to **Yes** the **trip cancel** link displays in the Remove/Trip Cancel column on your Authorizations/Orders screen. The **CANCELLED** stamp displays in your **Submit this Document as:** drop-down list. This option allows you to select the stamp and cancel the document.

**Note:** **Yes** is the default setting. If set to **No**, DTS will not allow a traveler to cancel a document generated by the import process. In this case, the partner system must transmit the cancellation to DTS via an import file.

When a cancellation is generated within DTS for an authorization that was created by an import file from a partner system, DTS includes a data element within the export file format that identifies the record as being generated as a cancellation.

**Note:** If the document contains a CTO fee or a submitted advance or SPP, the **CANCELLED** stamp will be unavailable on the Digital Signature screen. Instructions will display at the bottom of the screen stating that the user must amend the authorization to remove all expenses *except* for the following:

- CTO fee
- Submitted advances or SPPs
- Other unavoidable expenses

### 2.11.6 DTS Import/Export (Partner System) Emails

DTS generates several different emails when certain transactions occur between DTS and its partner systems. You will receive emails when new travel orders have been prepared or modified. The DTA receives an email when a new traveler's profile requires review and update in order to travel. The DTS generated emails can be found in *DTA Manual, Appendix E*.

## 2.12 Create Authorizations for Permissive Travel

DTS provides the ability to arrange travel for Permissive TDY. Users who select the trip type C-Permissive are not authorized reimbursement for their travel.

### 2.12.1 Trip Overview Initial Screen

Beginning in *Section A, I am leaving from*, follow the below steps to complete the fields on the Trip Overview screen:

1. Complete the **Starting Point** field by selecting **RESIDENCE** or **DUTY STATION**.

Selecting either one populates the Starting Point field with the information stored in your profile. If the starting point is other than your residence or duty station type the city name into the **Starting Point** field and select **Search**. A pop-up window opens to select the **state** or **country code**. The code will populate in the text box next to the city name.

2. Complete the **Departing On** field. Use the calendar icon or type in the date.
3. Select the **Trip Type** drop-down list arrow and select trip type **C-Permissive**.

## Chapter 2: Temporary Duty (TDY) Authorizations

A pop-up message informs you that if in a duty status, a TDY travel authorization must be issued. If in a leave or other non-duty status, a travel authorization is not required (Figure 2-113).

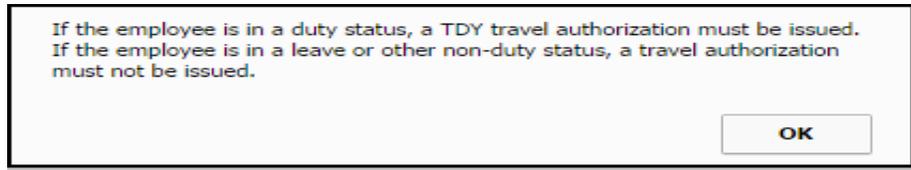

Figure 2-113: Pop-Up for C-Permissive Trip Type

4. Select **OK**.
5. Select the **Trip Purpose** drop-down list arrow and choose a **trip purpose**.
6. (Optional) Complete the **Trip Description** field with details about the trip.

*In Section B, I will be traveling to my TDY location by,* will default to **Other**. This selection cannot be changed to indicate another mode of transportation (Figure 2-114).

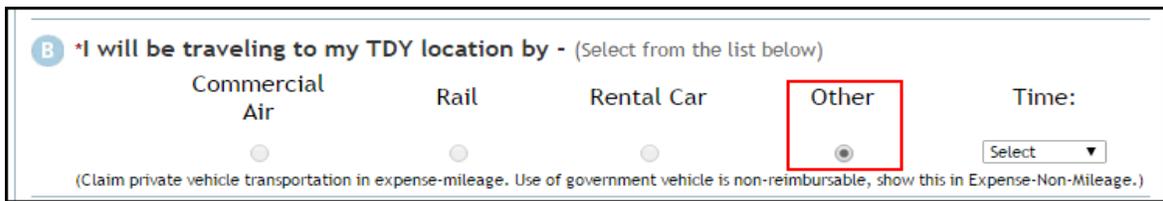

Figure 2-114: Trip Overview Transportation Mode Other

7. Select the **Time** drop-down list arrow and choose the estimated **time** of departure.

*In Section C, My TDY location is,* you will need to identify one or more locations for this trip.

8. Identify Location 1.
9. Complete the **Arriving On** field using the calendar icon. This is usually the date that you will arrive at your TDY location.
10. Complete the **Departing On** using the calendar icon. This is usually the date that you will leave your TDY location.

*Section D, At this location I will need,* is not active for C-Permissive travel and is grayed out.

11. Select **Yes** to add another location to this trip. (See Section 2.5.2 for guidance)  
-OR-  
Select **No** if there are no more locations to add to this trip.

## 2.12.2 Trip Overview Screen Refreshed

After selecting **No**, the Trip Overview screen refreshes with new Sections C and D. These sections now display fields in which to enter the return travel information. You may continue to add TDY locations by selecting the **Add New Per Diem Location** in Section B.

*Section C, I am returning to* is where the return destination and date are entered.

1. Complete the **Ending Point** field by selecting **RESIDENCE** or **DUTY STATION**.

If the ending point is a location other than the residence or duty station, type the name of the city in the

**Ending Point** field and select **Search**. A pop-up window opens from which to select the **state** or **country code**. The code will populate in the text box next to the city name.

2. Complete the **Arriving On** field. Use the calendar icon to populate the field.
3. Select the **Trip Duration** radio button that identifies the length and needs of the trip. DTS defaults to **Multi-Day** if the trip exceeds one day. You may select another radio button if necessary.

*Section D, I will be returning from my TDY by,* defaults to **Other**. This selection cannot be changed to indicate another method mode of transportation.

4. Select the **Time** drop-down list arrow and choose the estimated **time** of departure

*Section E, Check this box if you have other ticketed transportation not listed above,* is not active for C-Permissive travel and is grayed out.

*Section F* indicates whether you will be attending a conference.

5. Select **Not Applicable**.
6. Select **Save and Proceed**.

## 2.12.3 Preview Trip Screen

After selecting **Save and Proceed** on the Trip Overview screen, the Preview Trip screen will open. This is where you will complete the authorization. Comments will display in the Comments to the Approving Official field.

**Note:** Selection of an LOA is not allowed for documents with a C-Permissive trip type (Figure 2-115).

## Chapter 2: Temporary Duty (TDY) Authorizations

An Other Authorization will appear informing you that attendance is in the DoD's best interest, but reimbursement is not authorized and that you may choose not to perform the travel (Figure 2-116).

The screenshot displays the 'Other Authorizations' section of the Defense Travel System. At the top, there is a navigation bar with tabs for 'Itinerary', 'Travel', 'Expenses', 'Accounting', 'Additional Options', and 'Review/Sign'. Below this, a secondary bar contains 'Preview', 'Other Auths.', 'Pre-Audit', and 'Digital Signature'. A 'RETURN TO LIST' button is located on the left. The main heading is 'Other Authorizations'. A yellow box contains the text: 'The following are the additional authorizations that were selected based on the trip details. Enter comments to your Approving Official in the "Remarks" boxes provided.' Below this is a link: '> Add Additional Authorizations For This Trip'. The main table has the following structure:

|   | Other Authorization            | Remarks   | Remove |
|---|--------------------------------|---|--------|
| 1 | Non-Govt Funded Permissive TDY | Non-Govt Funded Permissive TDY. a) Attendance is in the DOD's interest, but travel is at no expense to the Government and no per diem or other reimbursement is authorized. b) Travel is at the employee's request and no accounting information is placed on the travel authorization, and c) The employee may choose not to perform the travel without penalty.<br><input type="text"/> |        |

Below the table is a 'Save and Proceed to Pre-Audits' button. At the bottom, there is a 'Proceed to the following page:' dropdown menu set to 'Pre-Audit' and a 'Continue' button.
