

Information Paper:

# Restore Purged Document Link

On 15 August 2012, the Restore Purged Document link that was available under “Official Travel” and “Official Travel-Others” was removed (Figure 1).

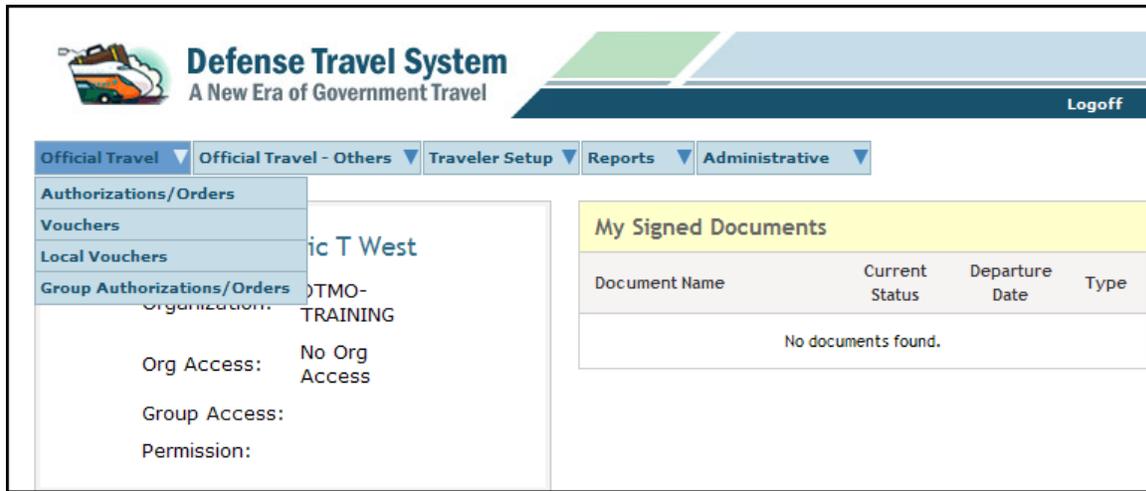

Figure 1: Official Travel links

Over the next six weeks, all documents that had been purged from the traveler’s regular list of documents will be restored to DTS.

Until this effort is complete, urgent requests (e.g., audit) can be processed by creating a ticket through Travel Explorer. All others are asked to wait for the document to be accessible in DTS again.
