*b. Hospitalized as Result of Combat Wound or Injury. Transportation and per diem, may be authorized for each designated individual authorized to visit a member, not described in par.7315-A1a, who has a wound or an injury incurred in an operation or area designated by the SECDEF as a combat operation or combat zone and who is hospitalized in a medical facility in the U.S. for treatment of that wound or injury. This allowance is initiated when there is a reasonable expectation by the treating physician that the member will remain hospitalized in an inpatient status in a hospital in the U.S. Per diem authority must not exceed 30 days unless an extension is authorized/approved through the Secretarial Process. If an extension is authorized/approved, the extension must not exceed 30 days beyond the amendment/modification date of the authorization/order such that the long term TDY flat rate per diem in par. 4250 does not apply.
