II. SUMMARY OF FUNCTIONALITY (As of October 24, 2016)

Over the next year, updates to the system's Java Framework will be implemented incrementally – first in EWTS, then in DTS. These updates will enhance technology to include 508 compliance, system stability and security, and allow the system to leverage new browser capabilities. This update consists of cosmetic changes (e.g. consistent font sizes, centering of appropriate columns, proper capitalization.)

November release will implement the following changes:

- **Functionality Content** – For content see Section III below.
- **Infrastructure Content** – For content see Section IV below.
