

## DoD Overseas Station and Housing Allowance Process Guide

### [PART 1: COMMAND, SENIOR OFFICER, AND COUNTRY ALLOWANCE COORDINATOR RESPONSIBILITIES](#)

---

- A. Purpose
- B. Senior Officer Responsibilities
- C. Overseas Commander Responsibilities
- D. Country Allowance Coordinator Responsibilities
- E. Country Allowance Coordinator Training

### [PART 2: STATION ALLOWANCE REPORTING PROCEDURES](#)

---

- A. Required Allowance Reports
- B. Cost-of-Living (COLA) Reports
- C. Overseas Housing Allowance (OHA) Reports

### [PART 3: CURRENCY ADJUSTMENTS](#)

---

- A. Currency Adjustments
- B. Collecting Daily Exchange Rates
- C. Currency Adjustment Effective Dates

### [PART 4: SAMPLE APPOINTMENT LETTER](#)

---

### [PART 5: TABLE OF COUNTRY ALLOWANCE COORDINATORS AND SURVEY SCHEDULES](#)

---

- A. Country Allowance Reports – Required Reporting Locations, Responsible Command, Senior Officer
- B. Cost-of-Living (COLA) Surveys – Required Reporting Locations and Schedule
- C. Overseas Housing Allowance (OHA) Utility and Move-In Expenses Surveys – Required Reporting Locations and Schedule

## PART 1: COMMAND, SENIOR OFFICER, AND COUNTRY ALLOWANCE COORDINATOR RESPONSIBILITIES

- A. Purpose. Required reports provide actual cost data needed to establish or adjust the [Overseas Cost of Living Allowances \(COLA\)](#) and [Overseas Housing Allowances \(OHA\)](#). See Part 2 for required reports and reporting procedures.
- B. Senior Officer Responsibilities. The Senior Officer of the Uniformed Services in each country has responsibility for the quality and timeliness of all allowance reports for that country. As used herein, the term “country” also applies to Hawaii, Alaska and territories or possessions of the United States. See Part 5, Table A, for a list of required reporting locations and the responsible Command or Senior Officer.
1. Appointment of Country Allowance Coordinator. The Senior Officer should:
    - a. Formally appoint a Country Allowance Coordinator and an alternate to conduct the allowance surveys and submit allowance reports required by Part 2. See Part 4 for a sample appointment letter. See Part 1, par. D for Country Allowance Coordinator Responsibilities.
    - b. Provide a copy of the Country Allowance Coordinator's appointment letter to the Allowances Branch.
    - c. Ensure that the appointed Country Allowance Coordinator has sufficient authority to coordinate data collection with other duty stations and other Services.
  2. Designation of Overseas Housing Allowance Approval Authority. The Senior Officer in Country should:
    - a. Designate a “Certifying Official” to validate the [DD Form 2367 \(Individual Overseas Housing Allowances \(OHA\) Report\)](#) submitted by Service members claiming OHA.
    - b. Designate a “Certifying Official” to validate entries in appropriate blocks on the [DD Form 2556 \(Move-In Housing Allowance Claim Form\)](#). See [Move in Housing Allowances \(MIHA\)](#) paragraphs E4, E5, and E6.
    - c. Designate an individual(s) to adjudicate cases involving questionable OHA claims. While the Senior Officer may not change a Service member’s entitlement to an allowance, he or she may adjudicate the parameters under which they are paid. For example, there are instances where the housing office may appropriately put certain sets of quarters or neighborhoods off limits due to high crime or substandard housing.
    - d. Ensure other commanders do not establish policies that direct Service members to rent either above or below published rental allowance ceilings.

3. Overseas Allowance Survey Oversight. See Part 2: Station Allowance Reporting Procedures for Overseas Allowance Survey requirements. The Senior Officer should:
  - a. Solicit the support of other commanders in country to designate local survey coordinators to work with the Country Allowance Coordinator in the preparation of timely, high-quality reports.
  - b. Encourage maximum participation by Service members in all overseas allowance surveys.
  - c. Ensure the required reports are properly prepared and forwarded to Allowances Branch by the due date (see Part 5: Allowance Reporting Schedules).
  - d. Report economic changes or other factors that substantially alter the cost of living in the country.
  - e. Advise Service members that station allowances are subject to decreases and increases based on exchange rate fluctuations and Allowances Branch cost data submission reviews.
  
- C. Overseas Commander Responsibilities. Overseas commanders are responsible for providing information to Service members on all overseas allowances.
  1. Cost of Living Allowances. Local commanders are responsible for:
    - a. Appointing local survey coordinators.
    - b. Ensuring maximum participation in COLA Surveys.
  2. Overseas Housing Allowances. Overseas commanders should explore every means possible to help Service members obtain adequate, reasonably priced local economy housing. Additionally, the Commander should:
    - a. Require new arriving Service members to register with the local housing office.
    - b. Emphasize the need for new Service members to keep the housing office informed of their progress in locating housing.
    - c. Provide a copy of the OHA briefing sheet (see [OHA](#)) to the incoming Service member.
    - d. Advise incoming Service members of the responsibility to aggressively seek adequate, reasonably priced housing. OHA is designed to provide for reasonable, adequate quarters, not personal enrichment.
    - e. Follow-up on Service members' progress in obtaining housing.
    - f. Advise Service members on what constitutes an illegal rental contract

## Office of the Secretary of Defense (OSD), Military Compensation Policy

---

(e.g., a lease that stipulates rent in an amount different from the amount agreed to between the landlord and Service member).

- g. Inform Service members of their obligation to avoid illegal rental contracts.

D. Country Allowance Coordinator Responsibilities. See Part 2: Station Allowance Reporting Procedures for required allowance reports. If possible, the same individual should coordinate the surveys for more than one year. The Country Allowance Coordinator responsibilities include:

1. COLA Surveys. For COLA surveys the Country Allowance Coordinator should:
  - a. Maintain a list of all duty stations for the country, as well as the Locality Allowance Coordinators and offices responsible for annual COLA report preparation.
  - b. Retain copies of two prior Retail Price Schedules and the latest Living Pattern Survey.
  - c. Maintain copies of forms and instructional materials needed for local survey coordinators.
  - d. Train local survey coordinators on data collection.
  - e. Widely publicize the Living Pattern Survey and encourage participation by all permanently-assigned Service members that have been stationed at least three months.
  - f. Consolidate completed Retail Price Schedules and forward the reports to Allowances Branch to the address in Part 2, par. D5.
  - g. Coordinate surveys with all of the Uniformed Services assigned to a joint service location.
2. OHA Utility and Utility & Move-In Expenses Surveys. Once the Country Allowance Coordinator receives notification from OSD Allowances Branch's Allowances Branch that a Utility Survey or Utility & Move-In Expenses Survey is scheduled, the allowance coordinator should:
  - a. Widely publicize the upcoming survey.
  - b. Stress the importance of Service members completing the survey.
  - c. Issue supplementary utility survey instructions that help the Service member complete the questionnaire.
  - d. Coordinate surveys with all of the Uniformed Services assigned to a joint service location.

## Office of the Secretary of Defense (OSD), Military Compensation Policy

---

3. Currency Rates. For localities reporting daily exchange rate information the Country Allowance Coordinator ensures that currency reports are accurate and provided as required.
  4. Locality Allowance Coordinators. At least twice per year, the Country Allowance Coordinator sends Allowances Branch an updated list of the Locality Allowance Coordinators responsible for OHA and COLA surveys for each of the reporting localities in country. The list should contain the name, rank, telephone number, and email address of each Locality Allowance Coordinator.
  5. Station Allowance Change Messages. On the 1st and the 16th of each month, the Country Allowance Coordinator is responsible for reviewing the [Station Allowance Change Message](#) on the [DTMO website](#) and informing all local commands of changes in OHA, COLA or currency exchange rates for the country.
- E. Country Allowance Coordinator Training. The Allowances Branch periodically conducts an in-depth 2 day training session for Overseas Country Allowance Coordinators. The training provides a working knowledge of overseas allowances, survey coordination, and reporting requirements. The objective of the class is to train overseas allowance coordinators to conduct and coordinate surveys and to submit accurate and complete allowance reports. The important role the Country Allowance Coordinator plays in the allowance setting process is also covered. The Senior Officer should plan for new Country Allowance Coordinators to attend a minimum of one session. This is especially helpful prior to conducting the country's allowance surveys.

Training and/or Scheduling Information. For training and/or scheduling information send e-mail message to: [dodhra.mc-alex.dtmo.mbx.allowances-branch@mail.mil](mailto:dodhra.mc-alex.dtmo.mbx.allowances-branch@mail.mil).

## PART 2: STATION ALLOWANCE REPORTING PROCEDURES

### A. Required Allowance Reports. Required allowance reports include:

1. Cost-of Living Allowance (COLA). COLA indexes are determined by using data provided by two surveys:
  - a. Living Pattern Survey (LPS) - identifies where and how Service members purchase goods and services, and
  - b. Retail Price Schedule (RPS) - records the prices of a market basket of goods and services.
2. Overseas Housing Allowance (OHA). Overseas Housing Allowances are determined by using data provided by the following surveys and reports:
  - a. OHA Utility Expenses Survey - collects actual utility cost data and is used to adjust the Utility and Recurring Maintenance Allowance.
  - b. OHA Move-in Expenses Survey - collects data on costs associated with moving into privately-leased housing and is used to adjust the Move-in Housing Allowance (Miscellaneous).
  - c. Rent data derived from pay systems is used to adjust OHA rental allowances.

### B. Cost-of-Living (COLA) Reports

1. Forms and Handbooks used to collect COLA Data. For copies of the required forms, handbook, and other information see [Survey Instruments](#) on the [DTMO website](#). Use the following forms and handbook to collect COLA data:
  - a. Retail Price Schedule (RPS). RPS data is collected annually and reports actual prices for a market basket of goods and services at the overseas location. The report can be completed on any computer.
  - b. Retail Price Handbook. The RPS Handbook provides step-by-step instructions on collecting prices and completing the RPS.
  - c. Living Pattern Survey (LPS). The LPS is required once every three years to determine where Service members shop and how they allocate their purchases between local market, U.S. Government, and online shopping facilities. The survey is fully automated and can be completed on any personal computer.
2. Required COLA Reporting Localities. The localities required to submit reports are listed in Part 5, Table B. These reporting localities are determined by Allowances Branch in conjunction with command input. Reporting locations can be changed or updated as the command deems necessary. The [Department of State \(DOS\) Standardized Regulations \(DSSR\)](#) require COLA reports from select overseas cities, not listed in Part 5, Table B, used to prescribe the Post Allowance for civilians. DOS

forwards these reports to the Allowances Branch to determine the COLA for Service members in these locations.

- a. Countries with large numbers of duty stations need only submit a sample of COLA data collection reports. These reports determine COLA indexes for other localities with similar living costs. See Part 5, Table B, for a list of required reporting locations and their reporting schedule.
- b. For locations where DOS is responsible for report submission, the Senior Officer in the area is responsible for maintaining liaison with DOS and cooperating in report preparation. If the DOS reported prices or the reported sources of supply and services are not representative for Service members, the Senior Officer has two options:
  - (1) Request the reporting agency include separate RPS pages and a statement showing the points of difference, or
  - (2) Prepare and submit separate RPS pages and a statement showing the points of difference.

In both cases, prior to starting a separate price collection, the Senior Officer must submit a signed memo stating the reason for a separate DoD-led price collection to the Allowances Branch.

3. Voluntary RPS Reports. Because the preparation of RPS reports requires significant resources, voluntary reports should only be submitted:
  - a. After the Commander confirms the necessity of the report with the Country Allowance Coordinator,
  - b. When costs are considered substantially different from the costs in other areas of the country for which reports are already required, and
  - c. The value of the U.S. dollar has changed by more than 15% against the unit of local currency.
4. Out-of-Cycle Reports
  - a. Retail Price Schedule. Out-of-cycle RPS reports should only be considered when unusual changes have occurred since the submission of the last RPS, for example:
    - (1) When prices change materially, or
    - (2) Sources of supply or services change materially (i.e. a commissary or exchange facility is added to or removed from the military installation, a new local outlet is established that Service members utilize, etc.).

To authorize an out-of-cycle RPS, the Senior Officer in the area is required, prior to the start of an out-of-cycle RPS, to submit a signed memo stating the reason for the out-of-cycle survey and providing relevant data to the Allowances Branch

for approval. Overseas allowance training should be conducted before an out-of-cycle RPS is initiated, when possible, to ensure accurate data is captured.

For localities where DOS is responsible for report submission and is unable or unwilling to prepare an out-of-cycle report, see Part 2 for more information.

- b. Living Pattern Survey (LPS). An out-of-cycle LPS should only be considered when unusual changes have occurred since the submission of the previous LPS, for example:

- (1) The value of the dollar (in terms of the local currency) has increased or decreased more than 15 percent since the last survey,
- (2) A commissary or exchange facility opens, closes, or expands at or near the duty station, or
- (3) Local market outlets open or close or become more or less accessible.

To authorize an out-of-cycle LPS, the Senior Officer in the area is required, prior to the start of an out-of-cycle LPS, to submit a signed memo stating the reason for the out-of-cycle survey and providing relevant data to the Allowances Branch for approval. Overseas allowance training should be conducted before an out-of-cycle LPS is initiated, when possible, to ensure accurate data is captured.

5. Conducting the Living Pattern Survey (LPS). Before an LPS is conducted, the Country Allowance Coordinator contacts the Allowances Branch for survey instructions and guidelines. For required reporting locations and scheduled reporting dates see Part 5, Table B. LPS reports must be submitted at least once every three years and must precede the RPS survey.
- a. LPS Sample Size. Based on population data provided by Defense Manpower Data Center, and the unique population characteristics of the area, the Allowances Branch determines the minimum sample size necessary to validate the survey results for each reporting location. In locations where fewer than 150 Service members are assigned, the entire population should be surveyed. The Allowances Branch forwards the minimum sample size to the Country Allowance Coordinator by e-mail at least one month prior to the survey due date.
  - b. Survey Distribution. Prior to the start of the LPS, the Allowances Branch will send the Country Allowance Coordinator an Installation Outlet List for completion. This list pre-populates the automated LPS with outlet choices. The Allowances Branch will post the LPS to the [DTMO website](#) and forward the LPS web address to the Country Allowance Coordinator. The Country Allowance Coordinator notifies Service members of the web address and the cut-off date for survey completion.
  - c. LPS Survey Participation.
    - (1) The survey coordinator must actively publicize the dates of the LPS and emphasize the importance of participating in this survey to Service

## Office of the Secretary of Defense (OSD), Military Compensation Policy

---

members. To ensure statistical validity, the survey coordinator should elicit maximum response to the survey.

- (2) The survey should be completed by Service members with the assistance of all shoppers in the household. It asks Service members and their families to identify the local market outlets where they usually shop and how they allocate their purchases between different sources of supply.
  - (3) Participation in the LPS should be limited to Service members who have been at the duty station for three months or longer.
  - d. Reports. All LPS data from the automated survey must be appended to create reporting files. This data is used by the Country Allowance Coordinator to prepare the Retail Price Schedule and is used by the Allowances Branch in setting the source of supply percentages for computing COLA indexes.
6. Completing the Retail Price Schedule (RPS). RPS reports are required annually for locations identified in Part 5, Table B. When more than one location in a country is due to report, the Country Allowance Coordinator should ensure all reporting locations collect prices and prepare the reports during the same time period (usually the first 10 days of the reporting month).
- a. Collect and report prices from:
    - (1) The local market outlets identified on the most recent LPS, and
    - (2) U.S. Government facilities, if the locality has an exchange and/or commissary. A separate report in U.S. dollars is required.
  - b. Reported prices should be appropriate for families of three to four persons in middle-income pay grades (E-6, E-7, and O-2, O-3). When possible, family members should be involved in price collection.
  - c. Price collection may not be delegated to a local national, although they may accompany U.S. price collectors and may assist in translation.
  - d. Prices collected from local market outlets are reported in the local currency that is normally used.
  - e. When preparing a report for a commissary or exchange, the survey coordinator may request the manager's help for customer purchasing preferences. When prices for U.S. Government facilities are reported in U.S. dollars but tied to the fluctuation of the local currency, clearly annotate that information on the report.
  - f. Collect prices from the same outlets used in the previous RPS (unless a new LPS was conducted). If different outlets are used provide an explanation (e.g., the most frequently used outlet has closed).
  - g. Review the reports for price omissions. Price omissions delay processing and

[Form 2367 \(Individual Overseas Housing Allowances \(OHA\) Report\)](#).

- b. New Duty Locations. When a Service member is assigned to a PDS for which no rental allowances are established, the Service member may contact the [Allowances Branch](#) through their chain of command.

## PART 3: CURRENCY ADJUSTMENTS

Country and locality coordinators should ensure Service members understand allowances can and will vary over time owing to adjustments based on changes in the pay system exchange rates independent of any other economic activity.

A. Currency Adjustments. Overseas allowances are paid to the Service member in U.S. dollars. However, some Service members pay for rent, utilities, move-in items, and many goods and services in the local currency. This necessitates periodic adjustment of allowances to ensure that Service members maintain their purchasing power in the local currency used. Those purchases made in U.S. dollars are not adjusted for currency fluctuation (e.g., for COLA, dollar purchases made on U.S. on-base facilities).

1. Reviewing and Adjusting Exchange Rates. The Allowances Branch reviews and adjusts pay system exchange rates for countries where Service members are assigned. Based solely on the currency fluctuations, adjustments can be made:
  - a. As often as twice monthly,
  - b. To Overseas Housing Allowances (OHA), and/or
  - c. To Overseas Cost-of-Living Allowances (COLA).

Adjustments are computed EXACTLY the same way whether the dollar is increasing or decreasing in value.

2. Determining Allowance Pay System Exchange Rates. Exchange rate adjustments ensure that over time neither the Service member nor the Government is in- or out-of- pocket; both the Service member and the Government 'break even'. Twice each month, in conjunction with military pay days, exchange rates are reviewed for countries where uniformed personnel are assigned and, as warranted, makes adjustments to COLA and OHA based solely on fluctuations in the rates of exchange. Since the exchange rate model is either paying out or buying back under payments or over payments, Service members may not see the actual allowance exchange rate at the military banking facility when changing their dollars for local currency. A tracking and adjustment currency model is used that:
  - a. Compares the daily difference between the current allowance exchange rate in the pay system and the accommodation rate Service members receive for their U.S. dollars,
  - b. Compares the weekly difference between the current allowance exchange rate and the trading rate Service members receive for their U.S. dollars,
  - c. Accumulates both positive and negative exchange rate differences,
  - d. Computes a new exchange rate when the weekly differences reach an accumulated five-percent threshold,
  - e. Ensures the selected rate buys back the accumulated difference (either

## **Office of the Secretary of Defense (OSD), Military Compensation Policy**

---

negative or positive) in a stable economy over an eight-week period.

B. Collecting Daily Exchange Rates. Daily exchange rates are collected from overseas locations:

1. DoD Community Bank and overseas Commands (in countries where most Service members are assigned),
2. The Wall Street Journal, and
3. The Department of State.

C. Currency Adjustment Effective Dates. Currency adjustments are effective the 1st and 16th of each month; however, processing time requires that the exchange rate review take place on or before the 9th of the month (for the 16th adjustment) or the 23rd of the month (for 1st adjustment).

## **PART 4: SAMPLE APPOINTMENT LETTER FOR COUNTRY OR LOCALITY ALLOWANCE COORDINATOR**

From: (Senior Officer)

To: (Designated Country or Locality Allowance Coordinator)

Subject: Appointment as Country or Locality Allowance Coordinator for (Country Name or Location Name)

1. You are hereby designated as the Country or Locality Allowance Coordinator and Point of Contact (POC) for COLA and OHA. You are directed to carry out your duties as described in the [Addendum to Chapters 9 and 10 of the JTR](#), on the [DTMO website](#). As such, you will have the full support of this Command structure to accomplish these duties.
2. The Country Allowance Coordinator (Country POC) works directly with the Allowances Branch for overseas housing and cost-of-living allowance issues in your Area of Responsibility (AOR). As the Country Allowance Coordinator you are responsible for coordinating the price collection data for all surveys in your AOR required by the [Addendum to Chapters 9 and 10 of the JTR](#) and submitting the data to Allowances Branch.
3. The Locality Allowance Coordinator works directly with the Country Allowance Coordinator where applicable. As the Locality Allowance Coordinator you are responsible for collecting survey data for your specific location.
4. Typically a country with multiple reporting locations has a designated Country Allowance Coordinator as well as individual Locality Allowance Coordinators. However, there are instances where there is no designated Country POC and each location reports independently through their Locality POC. The Allowances Branch will advise if you are to report directly.
